Shakespearean Perspectives David Lucking, 2017-03-14 David Lucking sees Shakespeare's plays as negotiating tensions between a number of alternative and sometimes mutually antagonistic perspectives Some of these perspectives are associated with particular languages cultures and texts while others involve philosophical issues such as the nature of personal ontology and distinctions between reality and dream being and nothingness In elaborating his insights Lucking draws extensive comparisons with Lucretius *De Rerum Natura* and between Sophocles Theban plays and King Lear and he also pays close attention to *A Midsummer Night's Dream* Henry V Julius Caesar Hamlet and Antony and Cleopatra Reassessing a wide range of earlier commentary his nine essays confirm the lasting value of apposite contextualization in tandem with detailed close reading **The Works of William Shakespeare** William Shakespeare, 1909 L'épreuve de philosophie au bac : la méthode de la dissertation et de l'explication de texte pas à pas - Terminale Charles-Edouard Cardot, 2021-01-19 Ce livre a été pensé pour accompagner tout l'élève débutant en philosophie dans la rédaction de ses compositions La dissertation comme l'explication de texte sont des exercices exigeants et qui ne peuvent être réussis que par la pratique d'une méthode solide C'est pourquoi on trouvera ici tous les éléments méthodiques qui permettent d'être au cœur des attendus de l'examen Tous les conseils donnés sont donc très proches des difficultés réelles rencontrées par les élèves et apportent des pistes concrètes pour les dépasser Dans un souci de clarté plusieurs exercices sont entièrement rédigés et permettront ainsi de voir exactement quelle forme doit prendre un devoir réussi en philosophie Aucune exigence méthodologique n'a été cartographiée et c'est pourquoi tout l'élève soucieux de progresser et de réussir en philosophie jugera cet ouvrage utile Charles-Edouard Cardot est professeur certifié de philosophie Il enseigne aux séries générales et technologiques Annecy *Revue et gazette musicale de Paris*, 1848 *The Oxford Handbook of Shakespearean Tragedy* Michael Neill, David Schalkwyk, 2016-08-18 The Oxford Handbook of Shakespearean Tragedy presents fifty-four essays by a range of scholars from all parts of the world Together these essays offer readers a fresh and comprehensive understanding of Shakespeare tragedies as both works of literature and as performance texts written by a playwright who was himself an experienced actor The opening section explores ways in which later generations of critics have shaped our idea of Shakespearean tragedy and addresses questions of genre by

examining the playwright's inheritance from the classical and medieval past. The second section is devoted to current textual issues while the third offers new critical readings of each of the tragedies. This is set beside a group of essays that deal with performance history with screen productions and with versions devised for the operatic stage as well as with twentieth and twenty-first century re-workings of Shakespearean tragedy. The book's final section expands readers' awareness of Shakespeare's global reach tracing histories of criticism and performance across Europe, the Americas, Australasia, the Middle East, Africa, India and East Asia.

Bibliographie Internationale de l'Humanisme et de la Renaissance International Council for Philosophy and Humanistic Studies, Crossed Correspondences Vanessa Guignery, 2016-02-08. While some writers adamantly refuse to allow anyone to read let alone comment upon their literary production until it is published, others are willing to submit their manuscripts and work in progress to their peers in the hope of receiving critical judgment that might validate their choices or prompt them to introduce changes. Correspondences between writers thus contain treasures of literary analysis when the recipient of a piece annotates it, criticises it, judges it, inciting the sender to justify or defend his/her choices, to reconsider his/her method and to discuss his/her aesthetic principles. The aim of this collection of essays is to analyse the specificity of letters in which writers comment not only on the production of their correspondent but also on their own artistic approach and their own work while it is still in progress or only just completed but not yet published. Examining epistolary exchanges from the sixteenth to the twenty-first century between English, American and French authors, contributors particularly concentrate on the points of contact between correspondences and literary criticism on the way writers reveal themselves as their peers' first critics. This process can help both parties delineate more clearly their trains of thoughts and accompany works in their gestation. The epistolary genre thus becomes an aesthetic laboratory and a place for literary debates.
