

Section 1: Introduction

Assignment Question	Answer/Response
Question 1: (Please write your answer here) Answer: 1. The first step in the process is to identify the problem. This involves understanding the current situation and the goals of the project. Once the problem is identified, the next step is to develop a plan. This plan should outline the steps that need to be taken to solve the problem. After the plan is developed, the next step is to implement the plan. This involves putting the plan into action and monitoring the progress. Finally, the last step is to evaluate the results. This involves comparing the actual results with the expected results and making any necessary adjustments.	Answer/Response: The first step in the process is to identify the problem.
