Admissions Office  
University of Connecticut  
123 College Address  
Storrs, CT, 06251

Dear Admissions Committee,

It is my great pleasure to recommend Jonathan Baker for admission to the University of Connecticut's Mechanical Engineering Department. I have known Jon for 3 years and was delighted to serve as both his AP Physics teacher and Robotics club adviser at Greenwich High School. During that time, I watched Jon grow into an outstanding individual who excels in both his academic and personal pursuits.

As Jon's teacher and adviser, I witnessed his extraordinary ability to quickly understand advanced physics concepts and then adeptly apply them to real world situations first hand. His senior year robotics project was particularly impressive. In it he designed, built, and programmed a robot that was capable of climbing any surface, no matter how smooth.

Jon's academic accomplishments are rivaled only by his personal strengths. His compassion and charisma are beyond his years and he is well-loved by his peers, as well as all those who had the pleasure of teaching him. Whenever any of his fellow students are having a difficult time or feeling down, he never fails to step in with an encouraging word and a smile.

I highly recommend you accept Jon into your Mechanical Engineering program. I am confident he will make an excellent addition to your university's community. Please feel free to contact me if you have any questions regarding his character or past academic work.

Sincerely,

Edmund Dudley  
Physics Teacher  
Greenwich High School

**Trivializing Teacher Education** Dale D. Johnson, Bonnie Johnson, Stephen J. Farenga, Daniel Ness, 2005-07-21 Trivializing Teacher Education The Accreditation Squeeze presents a critical analysis of the National Council for Accreditation of Teacher Education NCATE This accreditation organization has been in existence for 50 years and claims to accredit approximately 700 teacher education programs that prepare two thirds of the nation's teachers There is no convincing research however that NCATE's stamp of approval makes a difference in teacher preparation programs or in beginning teachers' competencies There is evidence that NCATE is masterful at self promotion marketing and aligning itself with policy makers and politicians This book illustrates the questionable NCATE processes and requirements and exposes the exorbitant costs accrued by universities seeking NCATE accreditation It points out that the NCATE standards do not address the major issues that impact teaching and learning The book highlights NCATE's support of teacher testing in the face of evidence that such tests lack predictive validity It shows how NCATE is reaching out to accredit for profit organizations and how it sends its evaluators to review international programs in the Middle East The book calls on NCATE to make the professional backgrounds of its examiners reviewers board members and staff transparent It addresses the attention teacher educators must devote to mindless trivial NCATE demands that usurp time that should be spent on their students and their research This book urges teacher educators college faculties and administrators state education officials and legislators parents of school age children and concerned citizens to open their eyes to this powerful organization NCATE and to examine what it has done to teacher education in the last half century

*S.T.E.M. as An Early Start for Students, Parents and Teachers Using Educational Leadership to Build an Effective 2020 Model* Dr. Mary J. Ferguson, Ed.D. Forward by: Dr. Anne E. Weiss, Ph.D, 2020-06-17 S T E M as An Early Start for Students Parents and Teachers Using Educational Leadership to Build an Effective 2020 Model By Dr Mary J Ferguson This book is designed to give the visual STEM framework to individuals families and organizations within local state or national entities to guide them with academic program design or individual participation involving students as early as Pre K all the way through twelfth grade The content was tested and designed in a charter and a public school sector Exercising this

design proved that early STEM involvement has been proven to allow younger students to begin with confidence when performing through learning science technology engineering and math This read should target parents teachers and students and show them the importance of federal state and local collaboration The benefits of this read will also reveal organizational information for independent application to local schools students and businesses Finally when reading this book a sense of independent research is promoted outside the walls of schools using research technology emails r simply by picking up your cell phone and contact any STEM or government agency to begin your knowledge base of STEMology      **National**

**Lithographer** ,1921      **Using Pop Culture to Teach Information Literacy** Linda D. Behen,2006-04-30 Building on the information needs and the learning style preferences of today s high school students the author builds a case for using pop culture TV shows fads and current technology to build integrated information skills lessons for students Chapters include a rationale a review of the current literature and examples of units of study incorporating popular culture and technology There is serious discussion in the media about today s youth the Echo Boomers and their connection with technology Our high school students tell us that they have few meals with their families that they want their teachers and their school s decision makers to listen to them and take their ideas seriously and that they use the little free time they have to talk to or instant message with their friends or to play video games Author and media critic Jon Katz says Technology is youth culture These kids are building a revolution Technology is part of their ideology their language everything they do Building on the information needs and the learning style preferences of today s high school students the author builds a case for using pop culture TV shows fads and current technology to build integrated information skills lessons for students Chapters include a rationale a review of the current literature and examples of units of study incorporating popular culture and technology

Grades 7 12      **Teacher Education Online** Marla J. Lohmann,Kathleen A. Boothe,2025-09-04 Teacher Education Online A Practical Guide for Instruction addresses the need for guidance on teaching high quality online courses in teacher education programs In the past few years an increasing number of courses are being offered in the virtual classroom and university faculty must be prepared to support student learning online The book walks the reader through incorporating engaging effective and evidence based instructional practices into their online teacher education courses Through presentation of research and practical examples the authors guide readers through the development and implementation of high quality online coursework for preservice and inservice teachers Each chapter includes a case study for readers to practice implementing strategies described in the book as well as space for readers to create plans for incorporating those strategies into their own courses      *Army Family Team Building Handbook for Program Administrators and Volunteers* ,1999
