A Universal Template for Research Position and Life Experience Papers Dale Benjamin Drakeford, 2005 The self-descriptive title *A Universal Template For Research Position and Life Experience Papers* implies that there is a position that writers take in even the simplest of essays. As such, the Template provides an opportunity to accomplish two tasks at once: consider the definitive differences between Research Position and Experience papers and explore the issues that impound and empower contemporary urban education. Dale Benjamin Drakeford provides an interactive workshop to guide student writing on any social science subject. Agreeing with many scholars that public and free pedagogy is indispensable, the author also argues that there is no wrong or right in scholastic debate; only correct presentation of objective thoughts or non-objective attitudes. This, the author says, is what is sometimes forgotten in the heat of getting ideas on paper. Hence, the Template provides structure for planning papers and in-process cues for staying on task to complete them with proper formality.
