

A black and white photograph of a person standing in a dark forest. The person is silhouetted against a bright, glowing light source in the distance, which creates a strong lens flare and illuminates the path ahead. The trees are tall and thin, with their branches reaching up into the dark sky. The overall mood is mysterious and atmospheric.

Scribbler Tales Volume One Volume 1:

The Scribbler's Tale Eric Johns, 2014-10-21 Until he won a short story competition with a prize of 50 000 £ Rick Jones didn't have any problems or at least no more than any other neurotic writer who spent most of his life in his writing shed at the end of his garden The problem was that in order to claim the prize Rick was required to be the British representative at the Digitalquill Freedom Conference in Argentina Unfortunately certain ruthless people who denied they had anything to do with MI6 thought that he was not the right person to represent his country and were happy to use threats and violence to convince him of this However there was another group of equally ruthless people who believed it was in his country's interest for him to go to S America which was the last place he wanted to go because there was a frightening amount of magic realism there and that was one genre of writing he couldn't stand Both groups regarded Rick as expendable All he wanted was his shed
