

SETTING UP INSTRUCTIONS

Setting Up and Operating Instructions should be studied very closely before beginning to assemble your plow. A number at the beginning of a paragraph in the following instructions refers to an arrow in the adjoining figure except when otherwise stated. When R.H. (Right Hand) and L.H. (Left Hand) are used, it should be understood to mean from a position behind and facing the Plow (or direction of travel).

Each Plow is given a thorough inspection before shipment; however, it is very important that it be checked at the time of receipt, to ascertain if any damage has occurred in transit. Your shipment consists of one carton:

Stock Number 32-25302 10" Plow bottom, coulter and frame.

Sears, Roebuck and Co., or Simpsons-Sears Ltd. reserves the right to make any changes in design or improvements without imposing any obligation to install the same upon its implements heretofore manufactured.

SETTING UP INSTRUCTIONS

A letter in the following instructions refer to an arrow in the adjoining figure, except when otherwise stated.

1. Cut all wires holding plow to wood pallet, and wires holding hitch bracket and weed rod to plow frame. Remove plow from carton.
2. Remove nuts and bolt (A) from beam and coulter bracket. See Fig. 1.
3. Assemble hitch bracket (B) to beam as shown with bolts removed in step above. Important: Extra hole (C) in hitch bracket will be toward back of plow as shown in Fig. 1.
4. Assemble coulter bracket with coulter to beam using center holes as shown in Fig. 1. NOTE: Be sure spacer is replaced on rear bolt between beam and coulter bracket. Secure with lock washers and hex nuts. Tighten nuts securely. Refer to page 4 for coulter adjustment for other than normal soil conditions.

Sears Super 12 Manual
