

The Navagraha (Nine Planets) Quiz

What are these “planets”?

<http://www.dimensionsguide.com/wp-content/uploads/2009/11/Solar-System.jpg>

The meaning of Navagraha is discussed here, with reference to the recent reclassification of planets in the solar system. “Graha” means to hold, or be held. What is being held, by whom, and how? Now it becomes clear why the sun is called one of the “planets” in the ancient Hindu classification. We also discuss here, briefly, how Kepler discovered the famous laws of planetary motions. Hubble’s law for the expanding universe and Kepler’s laws were deduced based on careful observations and sound mathematics, coupled with bold conjectures. It is suggested that similar attempts to discover fundamental laws that describe the behavior of financial and economic systems must be made by finance, economics, and management science majors, especially in view of the near total collapse of the financial system (in the USA) in 2008 and the continuing turmoils being faced in Europe.
