Media Education in Asia Chi-Kim Cheung,2009-06-12 Media education in Asia is a relatively young but rapidly developing part of the curriculum Research has been conducted and papers have been written on various issues concerning media education in Asia The dominant models of media education in the world are broadly Western and most are drawn from English speaking countries

The question is whether a similar pattern exists in Asia where there may be differences in culture heritage beliefs values education policy as well as curriculum and pedagogy Are educators in Asia following the Western model in developing and implementing media education or are they devising their own models With this question in mind this book sets out to understand the prevailing perspectives regarding media education in various Asian societies While most debates about media education are carried out in Western contexts this book hopes to provide a platform for readers to examine this issue in an Asian context
