## Polycom® Touch Control

### Telepresence at your fingertips

The intuitive solution for accelerating Unified Communications (UC) and system optimization throughout your organization. The Polycom® Touch Control provides instant solutions to highly complex touch-screen issues that would cause an average system administrator to become frustrated. By simplifying user experience and allowing participants to focus on their meeting, the Polycom® Touch Control solution goes beyond other touch and navigation technologies and adds controls that make user interaction more precise than ever before.

#### Conference with confidence

The Polycom® Touch Control interface is ideal for enterprise, virtual and institutional multi-user environments, and any other group working together and using software applications. Featuring a high-resolution display that provides a tactile response and easy navigation, the Polycom® Touch Control solution gives users the control of aspects of their software designed for touch-screen devices, allowing users to view content.

Users can easily control the meeting using a series of touch gestures, including zoom, pan, scroll and other actions that make it easy to view information. The Polycom® Touch Control solution works with the Polycom® HDX and RealPresence® Group Series (with enterprise edition) software, which can be integrated with Microsoft® Exchange® servers or hosted Exchange environments.

The Polycom® Touch Control offers multiple options for integration with existing video or video-capable IP or H.323 endpoints or direct SIP connections to the Touch Control via Polycom® endpoints or the video server. In other words, it's easy to use with any video conference the Touch Control.

#### Easy to use and deploy

The Polycom® Touch Control Series provides users with a simple, intuitive interface that is easy to use and easy to learn. The Touch Control can be easily added and deployed to any network connected to the RealPresence® Group Series video conferencing system. The Polycom® Touch Control device can be deployed in a meeting room, configured to provide users with a consistent, intuitive experience of interaction. It's designed to be consistently used with the same interface.

#### Benefits

- Reduced time and complexity associated with touch-screen and touch-screen navigation, including highly complex screens
- Improved user experience through easy touch-screen
- Enhanced touch-screen navigation experience with Polycom® HDX and RealPresence® Group Series (with enterprise edition) software, which can be integrated with Microsoft® Exchange® servers or hosted Exchange environments
