*Rethinking Disability* Jan W. Valle, David J. Connor, 2019-02-05 Now in its second edition *Rethinking Disability* introduces new and experienced teachers to ethical framings of disability and strategies for effectively teaching and including students with disabilities in the general education classroom. Grounded in a disability studies framework this text's unique narrative style encourages readers to examine their beliefs about disability and the influence of historical and cultural meanings of disability upon their work as teachers. The second edition offers clear and applicable suggestions for creating dynamic and inclusive classroom cultures getting to know students selecting appropriate instructional and assessment strategies co-teaching and promoting an inclusive school culture. This second edition is fully revised and updated to include a brief history of disability through the ages the relevance of current educational policies to inclusion technology in the inclusive classroom intersectionality and its influence upon inclusive practices working with families and issues of transition from school to the post school world. Each chapter now also includes a featured voice from the field written by persons with disabilities parents and teachers.

**Teach Like Socrates** Erick Wilberding, 2021-09-16 What is the Socratic Method How can we bring the Socratic Method into the middle school and high school classroom How does a teacher lead a Socratic discussion and develop the discussion skills of students Using passages from the works of Plato and Xenophon *Teach Like Socrates* answers each of these questions clearly explaining the most famous and the most misunderstood teaching method in the world. Unrivaled as a constructive vehicle for critical thinking and problem solving the Socratic Method can be brought into the classroom every day for the inductive exploration of ideas and scaffolded problem solving as well as for cooperative discussion. *Teach Like Socrates* includes templates sample lesson plans discussion games and example dialogues from students. With this book every teacher can master the style that leads students to critical thinking problem solving and independent learning Grades 7-12.

**Content Area Reading and Writing** Norman Unrau, 2004 This theory based strategy driven approach to teaching content area and secondary reading keeps an eye on the cultural issues affecting secondary students while emphasizing reflective practice to promote the most effective teaching. Chapters on assessment motivation struggling readers aligning standards with strategies and assessment and a constant focus on diversity set this text apart. Frequent opportunities for readers to apply the concepts they are learning help to make this a truly informative text. SPECIAL FEATURES INCLUDE Step by Step features which precisely explain a strategy's implementation. Plenty of simple and effective strategies for assessing and addressing students reading capabilities. A strong focus on standards that shows beginning teachers how to integrate literacy goals with content standards. An abundance of student work samples to fully illustrate chapter concepts, strategies and effective teaching.
