Seinfeld Seasons 1 -5 Stephen Lambe,2025-05-27 When the final episode of Seinfeld aired on 14 May 1998 an amazing 76 3 million Americans tuned in making it the most popular situation comedy in US television history Co created by Larry David this comedy about nothing made celebrities of its four stars stand up comedian Jerry Seinfeld comedian and actor Michael Richards who played eccentric neighbour Kramer Julia Louis Dreyfus who played Jerry s former girlfriend Elaine and Jason

Alexander as his volatile insecure best friend George Costanza. In its outlook and execution the success of the series lay in its early years able to develop its own style below the radar as a minor network hit before reaching a mass public with its fourth season in 1992. Classic episodes discussed here include The Junior Mint The Chinese Restaurant The Puffy Shirt and the ground breaking The Contest. Much analyzed during its time on screen the show has not been re-evaluated for many years. Now over twenty years since the series finished Stephen Lambe's timely and superbly crafted new book examines Seinfeld's first five seasons episode by episode tracing the development of every character catchphrase and quirk from the series' embryonic pilot episode in 1989 to its status as an Emmy award winning show by the time that season five wrapped in 1994. While the series was a huge success in the USA it was also a cult hit across the globe and its legacy continues into the new millennium. Stephen Lambe is an author and publisher. He first became addicted to Seinfeld watching late night re-runs on British television in the 1990s. An American Studies graduate he has since seen every episode many times. His books include an analysis of the British Carry On series published by Sonicbond in 2019. He lives in Tewkesbury in Gloucestershire UK.

Popeye Fred M. Grandinetti, 2004-08-12 It's a rare comic character who can make audiences laugh for well over half a century but then again it's a pretty rare cartoon hero who can boast of forearms thicker than his waist who can down a can of spinach in a single gulp or who generally faces the world with one eye squinted completely shut. When E. C. Segar's gruff but lovable sailor man first tooted his pipe to the public on January 7 1929 it was not in the animated cartoon format for which he is best known today and which would become the longest running series in film history. Instead it was on the comics page of the New York Journal as Segar's Thimble Theatre strip. Over the decades to come Popeye was to appear on radio television stage and even in a live action feature film. This comprehensive and lavishly illustrated history is a thoroughly updated and revised edition of the highly acclaimed 1994 work. Animated series and films are examined noting the different directions each studio took and the changing character designs of the Popeye family. Popeye in other media comics books radio and a stage play is thoroughly covered as are Robert Altman's 1980 live action film and Popeye memorabilia.
