Information
This first section lists your child's name, date of birth and other basic details. It also includes your child's current information. The date of the IFSP meeting may be noted, too.

Information
The service coordinator is the person responsible for making sure the IFSP is carried out. Counselors of the IFSP team may be listed here also or at the end of the plan.

This describes your child's current abilities and skills. These can include:

- ### Family Resources, Concerns and Priorities

This is a statement of your family's strengths and challenges. It will help me to better understand you, your concerns, your hopes about your child, and the priorities for his progress will also be noted here.

This important section lays out the goals ("outcomes") for your child. How should he act and how you

how they'll be met and how your child's progress will be measured. These goals can also help the IFSP team decide if services should be added or changed.

This describes the early intervention services your child and family will get. The plan should specify where the services will be provided, how often they'll be provided and how long each session will last.

Settings
Services in an IFSP should be provided at home, in day care or in other "natural environments" for your child. If a service is provided in a place kids his age would not typically be, this section will explain why.

Some services that your child and family need may not be paid for by early intervention. But they're listed here to give you complete picture. Potential sources of funding are also noted.

Your consent is required before early intervention services can be provided. Some IFSPs have a signature line.
