# The **Politically Incorrect Guide**™ to the Middle East

*You think you know about the  
Middle East. But did you know:*

- The Arab-Jewish conflict predates the creation of Israel
- Islamic fundamentalism isn't ancient—which is why it's so dangerous
- Democracy is not America's friend in the Middle East
- Iran can't be reformed—but the Saudis can
- Bush Sr.—not Bush Jr.—should have invaded Iraq
- Why an Israeli-Palestinian peace is not only impossible, but undesirable

## **Politically Incorrect Guide To The Middle East:**

**Politically Incorrect Guide to the Middle East** Martin Sieff, 2008-01-28 The Middle East is almost never off the front pages yet most Americans know little about the region Why The mainstream media and Ivy League academics instead of helping only make matters worse by casting everything in the usual politically correct mold Arab terrorists are just desperate freedom fighters and the region s one free democracy Israel is the oppressor not least because of its alliance with America And if Islamic extremism is a problem the establishment tells us it s only because it s rooted in that source of all evils religion A different strain of political correctness has seeped into some minds on the right most notably the Bush administration which so ready to buy into the egalitarian myths we are all taught believed that Western style democracy could flourish anywhere Now in The Politically Incorrect Guide to the Middle East veteran Middle East correspondent Martin Sieff puts the lie to all these myths and clich s giving you everything you need to know about the region to understand its past its present and its possible future

**East Asia's Strategic Advantage in the Middle East** Shirzad Azad, 2021-05-07 The modern trajectory of Middle Eastern East Asian interactions has garnered very little scholarly attention and scrutiny The two way connection between both regions have witnessed a litany of activities and developments over the past several decades but such dynamics are yet to be investigated sufficiently in tandem with their overall impacts on the world s safety and well being Aiming to fill part of this acute research gap East Asia s Strategic Advantage in the Middle East concentrates primarily on different aspects of East Asia s modern relationship with the Middle East by turning the spotlight on strategic advantages of East Asian countries in critical areas in the region Over the past several years there have been a slew of talks and debates about the formation of strategic ties between the East Asian states and their counterparts across the Middle East region However East Asia s advantage of strategic nature has been there for decades shaping the contours of an increasingly multifaceted chain of interactions involving the two sides The more other stakeholders Western powers in particular made

serious attempts to secure their precious assets in the Middle East the larger East Asia's strategic advantage in the region grew

**Biblical Eschatology:** Dr. Justin G. Prock, 2021-06-20 In recent history men from a variety of backgrounds have come to the same conclusion that the Bible is about Israel only For example In 1861 John Mason Neale translated an ancient twelfth century Latin hymn and its title was O Come O Come Emmanuel Ever since 1861 Christians have sung that hymn at Christmas time especially at Advent Do you know what the words really mean that you are singing In 1878 Edward Hine wrote an article titled Seven Eighths of the Bible Misunderstood wherein he explains that seven eighths of the Bible is about

national salvation i e the national salvation of True Israel whereas only one eighth of the Bible is about personal salvation Did you know that In the 1960 s Pastor Sheldon Emry wrote an article title An Open Letter to Any Minister Who Teaches the Jews Are Israel wherein he is of the opinion that the Israel that exists today since 1948 is not the True Israel of the Bible In 1998 Arnold E Kennedy wrote a book titled The Exclusiveness of Israel wherein he legally proves using the King James Version of the Bible that the Bible in general is only about True Israel So here we are in the Twenty First Century and the Gospel that is preached today is totally convoluted from that which was preached in the First Century A D by Yahshuah and His disciples i e the Gospel of the Kingdom So where did the so called churches and pastors go wrong By the way is there really a hierarchy in the Bible In order to find out what the truth really is we have to look at the original languages in which the Bible was written and then translated For example the Old Testament was written in Hebrew and Aramaic then translated into Greek The New Testament was written in Hebrew and Greek Both Testaments were put together and translated into Latin then German and finally into English from which the entire world received their own translation of the Bible So what was the original meaning of the words used in the original languages i e the etymology of the words Once that is determined then we can go onto the next phase and discuss types in the Bible From there what is the Law of First Mention How should Bible prophecy be Interpreted Who are the keys to Bible prophecy Where are we in the Bible prophecy timeline During these discussions we will find out who Yahweh chose of all the families of the earth to make His own The churches teach universalism The question then becomes Who was Yahweh s Law given to What are the Laws of Yahweh And then the even bigger question becomes Who was Yahshuah sent to All of these questions and more will be answered as you read this book

**Politically Incorrect Guide to Real American Heroes** Brion McClanahan,2012-11-12 As presidential candidates sling dirt at each other America desperately needs a few real heroes Tragically liberal historians and educators have virtually erased traditional American heroes from history According to the Left the Founding Fathers were not noble architects of America but selfish demagogues And self made entrepreneurs like Rockefeller were robber barons and corporate polluters Instead of honoring great men from America s past kids today now idolize rock stars pro athletes and Hollywood celebrities In his new book The Politically Incorrect Guide to Real American Heroes author Brion McClanahan rescues the legendary deeds of the greatest Americans and shows why we ought to venerate heroes like Captain John Smith adventurer Daniel Boone General Robert E Lee and many more The Politically Incorrect Guide to Real American Heroes not only resuscitates America s forgotten heroes but sheds light on the Left s most cherished figures including Franklin Delano Roosevelt and the Kennedys With biting wit and devastating detail McClanahan strikes back against the multicultural narrative peddled by liberal historians who make heroes out of pop culture icons and corrupt politicians In America s hour of peril McClanahan s book is a timely and entertaining call to remember the heritage of this great nation and the heroes who built it Politically Incorrect Guide to the Presidents Steven F. Hayward,2012-02-13 Larry Schweikart a retired history professor is ready to set

the record straight on the American presidents He goes through each of the first 26 presidents from Washington to Taft and debunks myths lies and fake news made fact by the uninformed Discover why George Washington favored American isolationism James Madison supported states rights what Lincoln promised to Southerners about fugitive slaves and why nineteenth century presidents were the last to understand the true role of government So what made these presidents so much better than the ones America has now Schweikart argues that recent commanders in chief have welcomed crises to advance their own partisan agenda defied the separation of powers the Founders carefully constructed to preserve the Republic and given us every reason to doubt they take the country s interests to heart **We Visit Iraq** Claire

resurrected in this riveting work that links the fascism of the last century with the terrorism of our own Written with vigor and extraordinary access to primary sources in several languages Icon of Evil is the definitive account of the man who during World War II was called the fuhrer of the Arab world and whose ugly legacy lives on today With new and disturbing details David G Dalin and John F Rothmann show how al Hussein ingratiated himself with his hero Adolf Hitler becoming with his blond hair and blue eyes an honorary Aryan while dreaming of being installed as Nazi leader of the Middle East Al Hussein would later recruit more than 100 000 Muslims in Europe to fight in divisions of the Waffen SS and obstruct negotiations with the Allies that might have allowed four thousand Jewish children to escape to Palestine Some believe that al Hussein even inspired Hitler to implement the Final Solution At war s end al Hussein escaped indictment at Nuremberg and was harbored in France Icon of Evil chronicles al Hussein s postwar relationships with such influential Islamic figures as the radical theoretician Sayyid Qutb and Saddam Hussein s powerful uncle General Khairallah Talfah and his crucial mentoring of the young Yasser Ararat Finally it provides compelling evidence that al Hussein s actions and writings serve as inspirations today to the leaders of Hamas Hezbollah and other terrorist organizations pledged to destroy Israel and the United States Promises of Betrayals Fazle Chowdhury,2018-11-26 Promises of Betrayals demonstrates the revealing

history but complex and profound caution in the re examination of Iran as it has remained shrouded in a murky cloud to those

responsible for directing United States policy Fazle Chowdhury fills the crucial information gaps by exploring key Iranian history events that has directly and indirectly shaped Iran's doctrine while syndicating 500 years of trials that has permanent implications on the clerical regime's present chronicled driven policy strength of regional influence and expansionism in response to drawing on past clashes with ruling Shahs and foreign interference that once tore Iran apart and one which the Shia theocracy are determined to avoid today

**Refuting the Anti-Israel Narrative** Jeremy Havaridi, 2016-04-12 In recent decades Israel has come under sustained diplomatic pressure from the West According to the press and the policy establishment she acts aggressively and with disregard for civilian lives in pursuit of an unnecessary and illegal occupation of Palestinian territory Others view the country as an embarrassing outpost of colonialism racism and apartheid whose actions and those of the pro Israel lobby have provoked a fiery Islamist
