**From the point of Light within the Mind of God  
Let Light stream forth into the minds of Men.  
Let Light descend on Earth.**

**From the point of Love within The Heart of God  
Let Love stream forth into the hearts of Men.  
May Christ return to Earth.**

**From the Center where The Will of God is known  
Let purpose guide the little wills of Men,  
The purpose which The Masters know and serve.**

**From the Center which we call the Race of Men  
Let the Plan of Love and Light work out.  
And may it seal the door where evil dwells.**

**Our Non-Christian Nation** Jay Wexler, 2023-05-25 Essential reading for anyone interested in understanding the contemporary battles over religion's role in our national politics and culture Phil Zuckerman author of *Living the Secular Life* Less and less Christian demographically America is now home to an ever larger number of people who say they identify with no religion at all These non Christians have increasingly been demanding their full participation in public life bringing their arguments all the way to the Supreme Court The law is on their side but that doesn't mean that their attempts are not met with suspicion or outright hostility In *Our Non Christian Nation* Jay Wexler travels the country to engage the non Christians who have called on us to maintain our ideals of inclusivity and diversity With his characteristic sympathy and humor he introduces us to the Summum and their Seven Aphorisms a Wiccan priestess who would deck her City Hall with a pagan holiday wreath and other determined champions of free religious expression As Wexler reminds us anyone who cares about pluralism equality and fairness should support a public square filled with a variety of religious and nonreligious voices The stakes are nothing short of long term social peace A timely at times funny and compelling piece of reportage looking at a variety of religious groups as well as a strong argument for the importance of a pluralistic society *The Boston Globe* In this brilliantly erudite and hugely entertaining romp through recent religious and legal history Jay Wexler shows why as our country becomes more religiously diverse non Christians need to get their voices heard and Christians need to help repair the wall between church and state A marvelous read Michael Shermer *Skeptic*

**Sacred Mysteries** Dennis Chester Smolarski, 1995 Sacred Mysteries opens by reflecting on the continual process of reform in the church and on the foundational principles for all liturgical action It then moves to a discussion of each of the sacraments with particular reference to the way they are ritualized in the assembly A final chapter addresses practices that can cloud the experience of mystery during liturgical celebrations and thus inhibit rather than enhance the power of the rite

*In Jesus' Name* John D. Laing, 2010-01-01 Can military chaplains pray in Jesus name Are they allowed to share their faith openly Are evangelical Christians persecuted in the military Does the general prohibition against proselytizing in the military violate soldiers Constitutional rights Are liberalism and or universalism implicitly endorsed by the military and political leadership as the preferred religion of the United States government In this timely and important book John Laing draws upon his knowledge as a professor of theology and philosophy and his experience as an Army chaplain in order to address these questions and more with a view to answering the larger theological question of whether evangelicals can successfully serve as military chaplains while remaining true to their conservative biblical beliefs and evangelistic commitments While the book is primarily written for those involved or interested in military chaplaincy it has a broader appeal as the issues discussed are relevant to all areas of chaplaincy healthcare institutional public service

Steven H. Shiffrin, 2012-09-16 In *The Religious Left and Church State Relations* noted constitutional law scholar Steven Shiffrin argues that the religious left not the secular left is best equipped to lead the battle against the religious right on questions of church and state in America today Explaining that the chosen rhetoric of secular liberals is poorly equipped to argue against religious conservatives Shiffrin shows that all progressives religious and secular must appeal to broader values promoting religious liberty He demonstrates that the separation of church and state serves to protect religions from political manipulation while tight connections between church and state compromise the integrity of religious institutions Shiffrin discusses the pluralistic foundations of the religion clauses in the First Amendment and asserts that the clauses cannot be confined to the protection of liberty equality or equal liberty He explores the constitutional framework of religious liberalism applying it to controversial examples including the Pledge of Allegiance the government's use of religious symbols the teaching of evolution in public schools and school vouchers Shiffrin examines how the approaches of secular liberalism toward church state relations have been misguided philosophically and politically and he illustrates why theological arguments hold an important democratic position not in courtrooms or halls of government but in the public dialogue The book contends that the great issue of American religious politics is not whether religions should be supported at all but how religions can best be strengthened and preserved

*Dialogues* Gary Goshgarian, Kathleen Krueger, Janet B. Minc, 2005-07 *Dialogues* represents argument not as a battle to be won but as a process of dialogue and deliberation the exchange of opinions and ideas among people with different values and perspectives Part One contains succinct instruction on analyzing and developing arguments including critical reading source documentation and analyzing visual arguments Part Two updated with many new readings addressing current issues offers a diverse collection of provocative essays from both the popular and scholarly medium The lucid lively and engaging writing addresses students as writers and thinkers without overwhelming them with unnecessary jargon or theory
