## Leading at the intersection: The CEO's changing role

"Over business was imperious. You could operate and the world around you could be a vortex of activity, but you could just keep going. Now, with the combination of all the factors at play, business and what's happening outside are actually one."

The roles of the world's executives gained global prominence in the wake of the 2008 financial crisis. A recent survey suggests the roles of CEOs are changing. Business leaders express what they believe is the nature of their roles and the leadership challenges they face. Indeed, three quarters of the CEOs we interviewed said the job has changed significantly over the past decade as new pressures have forced the organization compete with the customer, new regulations, new technology, new talent, and new markets.

To be sure, the CEO role is still the top of the leadership stack. But the role is, CEOs say, is the intersection of not necessarily complex and transparent worlds we create for ourselves and our stakeholders. Globally, stakeholders are proliferating and CEOs must manage public, political, social, natural disaster, government, employee, customer, and a deeply engaged public that is not CEO-friendly. "Managing an organization" "How do you manage transparency (or) just how transparent are you? The more time you spend on something that is to be said, but something that is important to the world."

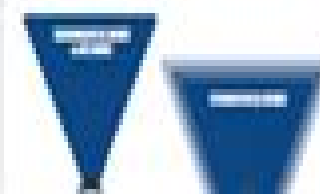

The degree of transparency that CEOs face, when they decide to be public and engaged with multiple

Figure 1: How the role of the CEO changed?

Figure 2: How do stakeholders influence the CEO's role?

Most people agree that stakeholders influence the CEO's role. Stakeholders include customers, employees, investors, and the community.
