ADVANCED TECHNICAL COMMUNICATION KAVITA TYAGI,PADMA MISRA,2011-02-04 Businesses use technical writing extensively to communicate both within and outside the organization And so it is essential for an individual aspiring to be an executive to master the art of communication This accessible and compact book on Advanced Technical Communication discusses how students can learn and master not only the basic skills

of communication but also complex skills such as soft skills and skills required for preparing technical documents. The book begins with a discussion on the concept of technical communication and then it goes on to describe the differences between technical writing and general writing and layout and format of business letters and resumes. What is more, it elaborates on technical documents such as technical proposals, reports, and specialized documents like theses, research papers, and dissertations, differentiating them adequately. Finally, the text covers many of the soft skills required today, for example, presentation skills, interpersonal skills, and group discussion (GD) skills. This student-friendly book, suffused with practical examples, is primarily intended as a text for the first-year students of Engineering B.Tech of Uttarakhand Technical University for their course on Advanced Technical Communication. It will also be of immense benefit to undergraduate students in other universities and engineering colleges/institutes as well as technical professionals.

KEY FEATURES Provides comprehensive coverage of soft skills. Lays emphasis on corporate communication skills required for technical writing and producing technical documents by engineers and managers. Gives a critical evaluation as well as text of George Orwell's *Animal Farm*.

Get Smart! About Modern Career Development Michelle L. Casto, 2000-11. Get Smart About Modern Career Development will teach you to raise your self-awareness, practice active reflection, and follow your intuition to enhance your decision-making skills. Topics include decision making, getting ready for work, work in the 21st century, entrepreneurship, self-marketing tools, and the 6 stages of career development: assessment, investigation, preparation, commitment, retention, transition.

A Practical Guide To Business Writing Khaled Al-Maskari, 2012-11-28. Nowadays, letters, reports, and emails are vital components of business practice. Communication is increasingly global, but it's not any easier to understand or contribute to for non-fluent English speakers. There is increasing pressure to be able to produce effective documents for a business environment, but little help out there to do so efficiently, resulting in wasted time and uncomfortable business communication. This book provides a wealth of practical information for any person who aims to produce short, effective documents within the work environment. It offers sensible, valuable, and helpful rules for producing effective short reports, memos, letters, and emails that are clear, concise, and easy to read for the busy manager or supervisor working in the demanding setting of modern industry or commerce. But it goes further: not only are rules provided for the

inexperienced business writer but models are proposed which provide solutions for a whole host of business situations providing help support and encouragement for the many thousands of business writers who need to feel confident in their writing

Business Communication Betty Smith Johnson, Marsha L. Bayless, 2002 Business Communication places the solid principles of communication into the context of today's demanding business world. The authors first equip their readers with a strong foundation in communication theory oral communication report writing letter writing and employment communication in beginning chapters. The remainder of the book integrates these traditional elements of business communication with technological ethical legal multicultural and international issues

PROFESSIONAL COMMUNICATION KAVITA TYAGI, PADMA MISRA, 2010-12-16 With the younger generation today seeking jobs in multinational corporations large companies or the civil services in the government and the competition becoming stiffer and stiffer with each passing day it is only natural that the ability to communicate effectively precisely as well as to acquire communication skills has become more important than ever before. A plethora of books have flooded the market to capitalize on this frantic effort of the younger generation to become adept in communication. And professional communication is no exception to this. This accessible and compact book on Professional Communication strives to focus on the communication skills needed for the professionals. Divided into five parts and 19 chapters the book begins with a discussion on the concept of communication and then it goes on to give in detail features of a language as a tool of communication the communication process models and barriers to communication. The text also elaborates on word formation vocabulary sentence structure and paragraph development. In addition it explains different forms of technical communication the format layout and style of business communication technical documents such as theses scientific articles and research papers and technical proposals. Furthermore the book provides value based text reading from celebrated writers. This student friendly book suffused with practical examples is primarily intended as a textbook for the first year students of engineering B Tech of UP Technical University for their course on Professional Communication. It will also be of immense benefit to undergraduate students and technical professionals across the country.

KEY FEATURES Gives a broader perspective on communication and its barriers. Provides a more comprehensive division of the different types of reports. Elaborates on various approaches to presentation strategies

The Reverse Journey Vivek Kumar Singh, 2016-01-25 This is a story about a young man faced with a decision to follow his heart or brain. The heart wants happiness in India among his family friends and people who are like him. His brain wants money without it what security does he have. All his friends are relocating to the USA. He feels isolated. And so he decides to follow the rat race. He travels to America. Will the journey to a foreign land bring happiness. Will money be the answer to his prayers. Or will he finally realise that true joy is the sense of belonging
