

## Safety precautions

- When using your headset while driving, follow local regulations in the region you are in. Never drink alcohol or use drugs while wearing your headset. Doing this may cause the headset to operate incorrectly or become inoperable. It may also distract you and cause an accident.
- Keep your device and accessories out of the reach of small children or animals. Small parts may cause choking or serious injury if swallowed.
  - Avoid exposing your device to any extreme temperature (below 0°C or above 35°C). Extreme temperatures can cause the deterioration of the device and reduce the charging capacity and life of your device.
  - Do not allow your device to get wet. • Damage can occur without damage. Do not handle your device with wet hands. Water damage to your device can occur even if it is not directly exposed to water.
  - Avoid using your device's light close to the eyes of children or animals.
  - Do not use the device during a thunderstorm. Thunderstorms can cause the device to malfunction and cause harm to the user or the device.
  - Excessive exposure to heat or sunlight can cause hearing damage. Exposure to heat or sunlight while driving may distract your attention and cause an accident. Use only the headset when it is not in direct sunlight or heat.

- Turning the headset on for the first time, it will automatically enter pairing mode for about 3 minutes.

### To turn the headset off

Press the power button on the side of the headset 3 times and hold for 3 seconds.

## Charging the headset

This headset has a rechargeable internal battery which is non-removable. Make sure the headset is fully charged before using it for the first time.

- The only charging approved charger is the one that is used to charge the headset. Using any other charger may cause damage to the headset or cause an accident. Use only the approved charger.
- Connect the USB cable to the charging port on the headset.
- Plug the headset into a USB port. Charging the headset lights will turn on.
- When the headset is fully charged, the indicator light will turn off. Charging the headset lights will turn on when the headset is not fully charged.

- Repeatedly charging and discharging of the headset over time will cause the battery performance to decrease. This is normal for all rechargeable batteries.
- Never make or receive calls while charging. Always disconnect your headset from the charger and remove the cord.

### Charging the headset

To check the battery level, press and hold the volume down button and the call button at the same time. Depending on the battery level, the indicator light flashes in one of the following colors.

Battery level	Indicator light color
90% - 100%	Blue
60% - 80%	Yellow
Below 20%	Red

### Pairing the headset with your phone

The headset indicator light turns red and you can hear a beep. If the headset powers off during a call, the call will be automatically transferred to the phone.

## Wearing the headset

Depending on which ear you are going to wear the headset, simply adjust the ear hook and the ear cushion.

- The headset also has an optional ear cushion instead of the ear hook. Remove the ear cushion and adjust the ear cushion. The headset has an ear cushion left or right side only depending on which ear you are going to wear the headset.

## Turning the indicator light on or off

The headset indicator light is there to show you the current status of your headset. But if the headset is on, it might give you a headache.

- Press and hold both volume buttons simultaneously to turn the indicator light on or off.

- The headset will turn the indicator light off while in pairing mode.
- The indicator light will always turn on when the headset is turned on or off when a call is received. Call history records will show that the battery is low.

## Using your headset

- Activated functions and features may differ depending on the phone type.
- Some phones, especially those that are not certified as approved by the Bluetooth Special Interest Group (SIG), may be incompatible with your headset.

### To ensure you get the best performance from your headset

- Keep the distance between your headset and device as small as possible and avoid placing your body or other objects in the signal path.
- If your headset and your mobile phone with your right hand, wear the headset on your right ear.
- Keeping your headset in a case could affect its performance or keep contact to a wireless signal.

## Pairing and connecting the headset

Pairing means unique and encrypted wireless connection between two Bluetooth devices when they agree to communicate with each other.

### Pairing mode

- Press the power button on the headset to turn it on.
- Press and hold the call button for 3 seconds.
- Activate the Bluetooth feature on your phone and search for the headset (see your phone's user manual).
- Select the headset in the list of devices found by your phone.
- If prompted, enter the Bluetooth PIN code (if available) and connect the headset to your phone.
- Once pairing is completed, the headset will attempt to reconnect with the phone.

### Pairing the headset with your phone

With the Active pairing feature, your headset automatically looks for a Bluetooth device within range and tries to make a connection with it.

- In pairing mode, press and hold the call button on the headset. The indicator light will turn on and flash red.
- The Bluetooth phone you want to connect with must not be paired with other devices. If the phone is already connected to another device, end the connection and restart the Active pairing feature.
- This feature may not be supported on some devices.

## Connecting with two Bluetooth phones

With the Multipoint feature activated, your headset can be connected to 2 Bluetooth phones at the same time.

- To turn Multipoint feature on, press and hold the call button for 3 seconds.
- To turn Multipoint feature off, press and hold the call button for 3 seconds.

- After connecting with the first Bluetooth phone, stay pairing mode, press and hold the call button for 3 seconds.
- Select the headset in the list of devices found by the second Bluetooth phone.

## Connecting with two Bluetooth phones

You can also pair and connect your headset with a second device such as an MP3 player. The process of connecting to a second device is rather simple as the connecting with a phone.

- Press and hold the call button for 3 seconds.
- Select the headset in the list of devices found by the second Bluetooth phone.
