November 2013 Edexcel Grade Boundaries:

2012 GCSE English results Great Britain: Parliament: House of Commons: Education Committee, 2013-06-11 The 2012 GCSE English results prompted significant controversy which ultimately resulted in an application for judicial review This report sets out the background to these events and identifies lessons to be learned The problems with GCSE English can be traced back to the 2007/09 development phase of the qualification in particular the turbulence which resulted from the shift away from a mostly linear to a modular system combined with a high proportion of controlled assessment and generous marking tolerances Exam board experts raised concerns at the time but these were not acted upon by the regulator the then interim Ofqual Further difficulties arose because of pressures from the school accountability system The problems experienced with GCSE English in 2012 highlighted serious weaknesses in the moderation of speaking and listening with consequences for grade awarding The current status of Ofqual as an independent regulator accountable to Parliament is the right one However the Coalition Government is bringing in wholesale changes to GCSEs and A levels to a tight timetable and at the same time Ofqual must have systems in place The Committee is also concerned that there is a rush towards separate exam systems for England Wales and Northern Ireland without careful reflection on what might be lost or consensus that this is the right thing to do

The Coalition Effect, 2010-2015 Anthony Seldon, Mike Finn, 2015-03-19 The British general election of May 2010 delivered the first coalition government since the Second World War David Cameron and Nick Clegg pledged a new politics with the government taking office in the midst of the worst economic crisis since the 1930s Five years on a team of leading experts drawn from academia the media Parliament Whitehall and think tanks assesses this coalition effect across a broad range of policy areas Adopting the contemporary history approach this pioneering book addresses academic and policy debates across this whole range of issues Did the coalition represent the natural next step in party dealignment and the evolution of multi party politics Was coalition in practice a historic innovation in itself or did the essential principles of Britain's uncodified constitution remain untroubled Fundamentally was the coalition able to deliver on its promises made in the coalition agreement and what were the consequences for the country and the parties of this union
