Tone of voice

How we talk is as important as what we talk about.

Uplifting. The work we create will often be highly emotional, but never with a focus on the devastation, destruction or disaster. We want to leave people with a feeling of hope and possibility. We want them to feel that they can make a difference through the American Red Cross.

Empowering. We are a brand that helps on people—both the people we help and those who embody the Red Cross and deliver on our mission. We want everyone to feel empowered to be a part of this network, to help us make a difference in times of need.

Inletting. We are open and accessible to anyone and everyone who wants to assist us in our mission. We are not intimidating or directive.

Personal. Our care is soft, not self-serving. We treat every person as fully and everyone who helps us as an individual. We want them to feel care and compassion every time we interact with them. We are not yelling our message from the rooftops. We treat every individual with respect.
