Shades Of Obsession English Edition:

Shadow Boxing with the Gods Vijay N. Shankar, 2014-08-20 The Old order changeth Yielding Place to new Lest one good custom Should corrupt the world Alfred Lord Tennyson SHADOW BOXING WITH THE GODS is a tour through many traditions and beliefs in the history of Man to arrive at the truths we recognize today It is a book of aggressive but persistently rational thought which deconstructs the beliefs and theologies that have accompanied mankind from the earliest times and often controlled human destinies While many of these beliefs help people to find meaning to the great mystery of life they nevertheless crave to be understood in the context of our modern environment Based on the core truth that the greatest ideas if carried to extremes can become ridiculous and hurt people the book traces the diverse strands of human belief in various civilizations starting with fantasy and myth making Ideas about life divinity nature and community have enriched existence but have also caused mayhem and tyranny through blind beliefs that fed fundamentalism and terror The Nazi holocaust the burning of witches and heretics at the stake the indignity of widowhood and caste practices in India were all the result of beliefs that overpowered the minds of large sections of people Today more than ever before we are equipped with science reason and information to embrace the spiritual and the humane while freeing ourselves from the clutches of superstition and ignorance thus achieving a far deeper understanding about our individual and collective existence **A**

Past Without Shadow Zohar Shavit, 2005-02-22 A Past Without Shadow examines 50 years of German children's books in which the darkest horrors of the Third Reich have routinely remained hidden The horrors of the Third Reich are systematically screened and filtered allowing the darker bleaker parts of history to escape illumination Here Zohar Shavit explores 345 German books for children describing the Third Reich and the Holocaust and finds a shocking distortion of the past a recurrent narrative which suggests that the Germans themselves had no hand in the suffering inflicted on the Jews These books Shavit argues have created the false historical lesson that the real victims of Hitler's crimes were the German people themselves First published to great acclaim in Hebrew and now available in English this book is a wake up call for anyone concerned about German children's literature and its responsibility to past and future [In the Shadow of the Magic Mountain](#) Andrea Weiss, 2024-05-31 A biography of Thomas Mann's two eldest children that provides intriguing insight into both their lives and the political and cultural shifts at the same time Thomas Mann's two eldest children Erika and Klaus were unconventional rebellious and fiercely devoted to each other Empowered by their close bond they espoused vehemently anti Nazi views in a Europe swept up in fascism and were openly even defiantly gay in an age of secrecy and repression Although their father's fame has unfairly overshadowed their legacy Erika and Klaus were serious authors performance artists before the medium existed and political visionaries whose searing essays and lectures are still relevant today And as Andrea Weiss reveals in this dual biography their story offers a fascinating view of the literary and intellectual life political turmoil and shifting sexual mores of their times In the Shadow of the Magic Mountain begins with an account of the make

believe world the Manns created together as children an early sign of their talents as well as the intensity of their relationship Weiss documents the lifelong artistic collaboration that followed showing how as the Nazis took power Erika and Klaus infused their work with a shared sense of political commitment Their views earned them exile and after escaping Germany they eventually moved to the United States where both served as members of the U S armed forces Abroad they enjoyed a wide circle of famous friends including Andre Gide Christopher Isherwood Jean Cocteau and W H Auden whom Erika married in 1935 But the demands of life in exile Klaus s heroin addiction and Erika s new allegiance to their father strained their mutual devotion and in 1949 Klaus committed suicide Beautiful never before seen photographs illustrate Weiss s riveting tale of two brave nonconformists whose dramatic lives open up new perspectives on the history of the twentieth century
