Sharepoint 2007 User Guide:

SharePoint 2007 User's Guide Tony Smith, Seth Bates, 2007-04-30 Microsoft Office SharePoint Server 2007 and Windows SharePoint Services 3.0 is the next generation of Microsoft SharePoint technologies. These products expand on SharePoint's information sharing and collaboration capabilities which allow you to create true enterprise information management information sharing and collaboration solutions. *SharePoint 2007 Users Guide* Learning Microsoft's Collaboration and Productivity Platform is the follow up edition to the successful *SharePoint 2003 Users Guide*. Apress 2005. This book provides guidance about the new workflows interface and other technologies within SharePoint 2007. Authors Seth Bates and Tony Smith describe SharePoint in a variety of environments and have the expertise and ability to stand behind this useful guide catering to anyone who works with SharePoint technologies in any capacity. *Office and SharePoint 2007 User's Guide* Michael Antonovich, 2008-07-06 Web sites Collaboration Document management Paperless offices We want it all in business today but how do you achieve all of these goals? More importantly if you work for one of the millions of small to medium sized businesses how do you find the time and build the expertise necessary to reach these goals? Even the most powerful tool will not allow you to succeed unless you can get the majority of your staff to use it efficiently and effectively. You need a guide that demonstrates a platform small to medium sized businesses can use to reach these goals. *Office and SharePoint 2007 User's Guide* Integrating SharePoint with Excel Outlook Access and Word demystifies the path every Microsoft Office user can follow to benefit from the synergism of tools they are already familiar with. Together with SharePoint 2007 users can achieve goals like web sites with a consistent single view improved collaboration within their organization better document management and maybe even get one step closer to the paperless office we've been promised for years. This book has topics for Office users of all skill levels from those just starting to use Office tools to the experienced power user. It examines each major Office tool and shows how it contributes to the support and use of SharePoint in today's increasingly electronic based office environment. *Sharepoint 2007 User Guide* Bates, 2007-08-01 *SharePoint 2010 User's Guide* Seth Bates, Anthony Smith, Roderick Smith, 2010-07-30 Microsoft SharePoint Foundation 2010 and SharePoint Server 2010 provide a collection of tools and services you can use to improve user and team productivity make information sharing more effective and facilitate business decision making processes. In order to get the most out of SharePoint 2010 you need to understand how to best use the capabilities to support your information management collaboration and business process management needs. This book is designed to provide you with the information you need to effectively use these tools. Whether you are using SharePoint as an intranet or business solution platform you will learn how to use the resources such as lists libraries and sites and services such as publishing workflow and policies that make up these environments. Information and process owners will be given the knowledge they need to build and manage solutions. Information and process consumers will be given the knowledge they need to effectively use SharePoint resources. In this book Seth Bates and

Tony Smith walk you through the components and capabilities that make up a SharePoint 2010 environment Their expertise shines as they provide step by step instructions for using and managing these elements as well as recommendations for how to best leverage them As a reader you ll then embrace two common SharePoint uses document management and project information management and walk through creating samples of these solutions understanding the challenges these solutions are designed to address and the benefits they can provide The authors have brought together this information based on their extensive experience working with these tools and with business users who effectively leverage these technologies within their organizations These experiences were incorporated into the writing of this book to make it easy for you to gain the knowledge you need to make the most of the product
