Claim:
There are different aquatic systems with diverse organisms.

Evidence	Reasoning/Justification
Aquatic ecosystems have abiotic - temp, light, salinity, depth	Different organisms can tolerate different factors
Some organisms prefer fresh water vs. saltwater. Bull sharks + manatees tolerate both	Bull sharks and manatees are very different, but tolerate same conditions
Depth reduces light and increases pressure. Organisms deal with this differently.	Many types of adaptations exist to survive in these conditions
The geography of an aquatic environment can determine the life forms present.	Continental shelf gets lots of light, so there's many living things. Not so in the abyss.
Photosynthesis takes place in the neritic zone.	It is the most productive area of the ocean. Plankton are base of food chain.
Metabolism is affected by temp. Many species are cold-blooded.	Organisms can migrate or must have adaptations to survive.

Note Taking Guide Episode 1

Complete Idiot's Guide songbooks are designed to get novice guitarists playing immediately and playing the songs that inspired them to pick up a guitar in the first place. Each song in The Complete Idiot's Guide books is preceded by a lesson that focuses on the most important technical and musical features. Fingerings, patterns and techniques are discussed and broken down to help make learning smooth and simple. Most guitar songs are relatively easy to play and the arrangements in these books are simplified just enough to show those core natural guitar parts without being overcomplicated, just the way a friend might show someone how to play a song one on one. Learning is made even simpler with each song written in standard music notation plus TAB and guitar chord diagrams. Learning hit rock songs was never so easy. Pick up The Complete Idiot's Guide to Rock Guitar Songs and learn all 30 tunes from acclaimed artists like Cream, AC/DC, Guns N' Roses, Jimi Hendrix, Green Day and many more.

Curricular Resources and Classroom Use Gabriel J. Stylianides, 2016-05-05. Curricular resources include the different kinds of materials, digital or physical, that teachers use in or for their teaching: textbooks, lesson plans, etc. and have a significant influence on students' opportunities to learn. At the same time, teachers play a crucial role as interpreters of such materials, so there is a complex relationship between curricular resources and their classroom use. This book aims to bridge these rather disconnected but highly related programs of research by describing, comparing and exemplifying new research approaches for studying in connected ways both curricular resources and their classroom use, thereby supporting also investigation of the complex interplay between the two. In addition to implications for research, the book has implications for curriculum development and teacher education. Specifically, the book deepens understanding of how curriculum developers can better exploit the potential of curricular resources to support classroom work and how teacher educators can better support teachers to use curricular resources in the classroom.

The Take2 Guide to Lost James O'Ehley, Erin Willard, 2015-09-18. Over 50 contributors ask and answer all your questions in this ultimate eBook compendium of everything related to the most iconic and talked about series in television history. Each Chapter and Guide is made up of multiple associated articles from the likes of award-winning sci-fi authors David Brin and Peter Watts, academics including Dr. Kristine Larsen and Alan Shapiro, Lost community leaders such as Jon Lachonis, news producers, comedy writers and professional and lay bloggers who spawned a revolution in television criticism. Just the Ending chapter alone has over 30 articles, opinions and insights to further challenge your perspective. The sumptuous Episode Guide is a definitive resource of over 350 articles with at least two reviews of each episode as well as synopses, tidbits and a comprehensive archive of intertextual references within each episode. Other chapters include Cast and Characters which gives an insight to the characters' role in the overall drama as well as provide juicy tidbits about the actors' careers. Mythology which includes posts on the Smoke Monster, DHARMA, the Frozen Donkey Wheel and how religion was reflected on the series. Philosophy ranging from scholarly but accessible posts on the philosophy and philosophers referenced in the show to a post on how the series affected one writer's personal philosophy. Structure including discussions on the flashback, forward, sideways, the DHARMA

stations and a physicist's explanation of the science of time travel Interviews with the showrunners and writers throughout the lifetime of the series and much much more
