Perceptions Of Discourse The Revolution In Assumptions:

Perceptions of Discourse: The Revolution in Assumptions Dorothy Naor, 2014-12-12 This book was ready to go except for the final editing nearly 14 years ago when suddenly other events entered my life that took all my energy and time Apparently no one else in the interim has touched on the subject Because I was loathe to let 15 or so years of research go to waste and because I think that the history might be interesting and perhaps also useful to others and also because I suddenly realized that I am now in my 80s and would not be around forever I have finally taken time off to publish As for my sources which extend from about the 16th century till the late 1980s I have decided against updating them Those included in these pages serve the purpose of this study which is about a revolution in assumptions about discourse that began in the USA in the 1920s and became the institution in the 1980s in schools universities and in our perceptions of discourse in general The tale in these pages also covers the more important consequences of the revolution **Communication in the Jewish Diaspora**

Menahem Blondheim, Hananel Rosenberg, 2020-09-16 The Jewish diasporic experience stands out in its remarkable scope duration and cohesiveness Communication is the dynamic mechanism that negotiates the interplay of these factors hence this volume on Jewish Diasporic Communications The Jewish Diaspora is unique in another way too through most of their exilic experience Jews did not have a geographical center to which they could orient themselves The perspective guiding this volume is that the center of the Jewish Diaspora has been the communicative network linking its scattered communities in space and the media serving its continuity through historical time This Diasporic network has sustained a common flow of shared content between Jews and Jewish communities let alone the imagination of connectedness Thus Diaspora Jews as Jews and the People they comprise existed to invoke John Dewey in communication The studies in this volume spanning antiquity and modernity and crossing disciplinary boundaries provide together a broad ranging and in depth account of how a People can survive for millennia without a homeland but in communication [A Revolution of Perception?](#) Ingrid

Tree of Liberty Doris Lorraine Garraway, 2008 On January 1 1804 Jean Jacques Dessalines declared the independence of Haiti thus bringing to an end the only successful slave revolution in history and transforming the colony of Saint Domingue into the second independent state in the Western Hemisphere The historical significance of the Haitian Revolution has been addressed by numerous scholars but the importance of the Revolution as a cultural and political phenomenon has only begun to be explored Although the path breaking work of Michel Rolph Trouillot and Sibylle Fischer has illustrated the profound silences surrounding the Haitian Revolution in Western historiography and in Caribbean cultural production in the aftermath of the Revolution contributors to this volume argue that while suppressed and disavowed in some quarters the Haitian Revolution nonetheless had an enduring cultural and political impact particularly on peoples and communities that have been marginalized in the historical record and absent from the discourses of Western historiography *Tree of Liberty* interrogates the literary historical and political discourses that the Revolution produced and inspired across time and space and across national and linguistic boundaries In so doing it seeks to initiate a far reaching discussion of the Revolution as a cultural and political phenomenon that shaped ideas about the Enlightenment freedom postcolonialism and race in the modern Atlantic world Contributors A James Arnold University of Virginia Chris Bongie Queen's University Paul Breslin Northwestern University Ada Ferrer New York University Doris L Garraway Northwestern

Revolutionary Paris, 1792-1794 Lindsay Porter,2017-12-19 This book examines the impact of rumour during the French Revolution offering a new approach to understanding the experiences of those who lived through it Focusing on Paris during the most radical years of the Jacobin republic it argues that popular rumour helped to shape perceptions of the Revolution

and provided communities with a framework with which to interpret an unstable world Lindsay Porter explores the role of rumour as a phenomenon in itself investigating the way in which the informal authority of the word on the street was subject to a range of historical and contemporary prejudices Drawing its conclusions from police reports and other archival sources this study examines the potential of rumour both to unite and to divide communities as rumour and hearsay began to play an important role in defining and judging personal commitment to the Revolution and what it meant to be a citizen

Images of Africa Julia Gallagher, 2015-05-01 Images of Africa challenges the widely held idea that Africans are powerless in the creation of self image It explores the ways in which image creation is a process of negotiation entered into by a wide range of actors within and beyond the continent in presidents offices and party HQs in newsrooms and rural authorities in rebel militia bases and in artists and writers studies Its ten chapters written by scholars working across the continent and a range of disciplines develop innovative ways of thinking about how image is produced They ask who controls image how is it manipulated and what effects do the images created have for political leaders and citizens and for Africa's relationships with the wider world The answers to these questions provide a compelling and distinctive approach to Africa's positioning in the world establishing the dynamic relational and sometimes subversive nature of image

Revolutionary Bio-politics from Fedorov to Mao Jeff Love, Michael Meng, 2023-08-29 This book confronts the question of immortality Is human life without immortality tolerable It does so by exploring three attitudes to immortality expressed in the context of three revolutions the Soviet the Nazi and the Communist revolution in China The book begins with an account of the radical Russian tradition of immortalism that culminates in the thought of Nikolai Fedorov 1829-1903 then contrasting this account with the equally radical finitism of Martin Heidegger 1889-1976 Both these strands are then developed in the context of modern Chinese philosophical thinking about technology and the creation of a harmonious relation to nature that reflects in turn a harmonious relation to mortality one that eschews the radicality of both Fedorov and Heidegger by discerning a middle way
