Getting Inside Google's Head Book Alastair R Agutter,2014-04-07
Getting Inside Google s Head Book In my professional business life as a Computer Scientist I was fortunate to be at the beginning of the World Wide Web s commercial story and journey I fondly recall Google launching via their University Servers So this book is from an old hand teaching structure and the fundamental elements required to be successful It is every web site owners dream to have millions of visitors and customers So how do you achieve this goal and know from the very outset you are on the right track and getting the correct advice We all know today that we are all caught up in a very competitive global community Yet at the same time we can see great success stories around us from many online endeavours and none more so than Google as the World s Market Leader in Advertising Many dream of great success online and often wish if only they could share in the Google phenomena of the countless billions made So I ask you have you ever really thought of how you can share in that Google Magic This book has been written for every web site owner It is not some in depth Geeks Guide to the World of Technology and coding The book has been written covering the key elements of how you structure your web site and web pages so your creation is optimized to function fast and efficiently on Search Engines google bing ask yahoo and user browser chrome fire fox explorer opera safari rendering engines By following the fundamental key golden rules in this book you will find your web site traffic and customer sales growing as your web site will soon become a friend to both Search and Browser rendering engines
Quotation
Natural Law and Quantum Mechanics teaches us about the Universal Laws of creation and at the very heart of this miracle for all life is refinement of design and efficiency So I often ask myself why is it that the human race often tries to over complicate when the ultimate goal is always to seek simplistic perfection Alastair R Agutter
Based on detailed research helping to improve performance of over 94% of all web sites world wide By following some key golden rules and simple jargon free steps in this book webmasters will see far higher search engine ranking results on Google Yahoo and Bing etc Your web site will render 3 to 4 times faster for your new visitors You will see a significant and noticeable increase of web users and customers to your web site by as much as 45 to 60% if not higher Finally remember Google s success began and continues today from the creation of a simple natural law search engine design *Boating* ,1962-01 **Workshop Manual for T6.3544** Perkins Engines Ltd,1981 **Catalog of Copyright Entries.
