Improving the Effectiveness and Efficiency of Recruiting United States Accounting Office (GAO),2018-06-21 *Improving the Effectiveness and Efficiency of Recruiting* 3 Elements for Effective Recruiting-Vol. 8b William A. Howatt,Maria A. Newport,2009-05-01 If a key to an organization s success is its talent does it make sense to position the activity for replacing talent as a simple action of interviewing new candidates How can a company find the right talent without knowing clearly what it needs without having a clearly defined job description that spells out the specific core competences for the function without a strategic recruiting process for hiring the right person the first time The reality is too many organizations fail to make recruiting a priority and waste resources on ineffective hires There s a tendency for some companies to assume that the job descriptions stored in their HR databases and trundled out whenever someone leaves or when senior management decides to expand a business are gospel despite the lack of any current organizational or job analysis Is it conceivable then that the recruitment process in many organizations is invalid or unreliable for both measuring employee effectiveness and finding the right talent the first time 3 Elements for Effective Recruiting is Volume 8b of the Howatt HR Consulting Talent Management Series that has been developed to promote strategic talent management considerations One core element in hiring the right talent the first time is a recruiting strategy that s aligned to the organization s needs It should take into consideration factors such as on boarding On boarding is a strategic program to assist new hires to learn fit into the organizational culture and develop relationships with employees These are important factors for influencing employee satisfaction and driving retention and productivity The three elements in this book provide leaders with core considerations for effective recruiting strategic planning and process and implementation Dr William A Howatt is CEO of Howatt HR Consulting Inc a strategic human resources management company that focuses on assisting companies to gain a significant competitive edge by minimizing risk to their workforce and focusing on attraction and retention Maria A Newport is President of Newport O Connor www.newport-oconnor.com a retained executive search and HR consulting firm that helps its global management and information technology consultancy clientele search for select and hire top talent to lead and grow their organizations in the US UK and Australasia

Internal Recruitment Paul Myers,2019-10-15 Why do we all get recruitment so wrong There s no big secret to recruitment It s simply the process of identifying a vacancy analysing the requirements attracting and engaging with talent reviewing applications screening shortlisting and hiring the

best candidate And yet we seem to be somewhat incompetent at doing it Through his own 20 years of experience and talking with HR business leaders recruiters and recruitment managers Paul Myers believes that general apathy laziness and a misunderstanding of what's important in recruitment has led to the current standards of recruitment In today's world there is more and more frustration and anger experienced by candidates and berating a recruitment as a profession sometimes specifically recruiters and their companies on a regular basis has now become a sport The education of recruiters HR professionals and operational leaders hiring managers has been replaced by an over indulgence in technology and tools that are designed to make the process more efficient The introduction of Internet for making information and data widely available AI for enhancing and speeding up the sourcing part of recruiting and automated tools for creating and managing recruitment process more efficiently are a welcome addition however it's clearly not working from the candidate perspective Technology is not the key thing that makes you and your company successful in hiring talent your people are In this book you will learn how thinking and acting on the basic foundations in recruitment will ensure better success in hiring talent for your business Imagine what your business could achieve if you significantly increased your recruitment efficiency and performance If you're a recruiter recruitment leader HR manager or business leader hiring manager or anyone who is involved in the recruitment process this book is for you
