Catastrophic Historicism Ronald Mendoza-de Jesús, 2024-01-02 Catastrophic Historicism unsettles the historicist constitution of Julia de Burgos 1914-53 Puerto Rico's most iconic writer a critical task that necessitates redefining the concept of historicism Through readings of Aristotle Walter Benjamin Jacques Derrida Werner Hamacher and Frank Ankersmit Mendoza de Jesús shows that historicism grounds historical objectivity in the historian's capacity to compose totalizing narratives that domesticate the contingency of the past While critiques of historicism as a realism leave untouched the sovereignty of the historian the book insists that reading the text of history requires an attunement to danger a modality that interrupts historicism by infusing the past with a contingency that evades total appropriation After desedimenting the monumental tradition that has reduced de Burgos to a totemic figure Catastrophic Historicism reads the poet's first collection *Poema en 20 surcos* 1938 Mendoza de Jesús argues that the historicity of *Poema* crystallizes in the lyrical speaker's self-institution as an embodied ipseity which requires producing racialized gendered allegorical figures the bearers of an abject flesh that lack any ontological resistance to modern alienation Rather than treating de Burgos's poetics of selfhood as the ideal image of Puerto Rican sovereignty Mendoza de Jesús endangers this idealization by drawing attention to the abjection that sustains our attachments to ipseity as the form of a truly sovereign life In this way Catastrophic Historicism not only resets the terms of ongoing critiques of historicism in the humanities it also intervenes in Puerto Rican historicity for the sake of its transformation

Women Who Fly Serinity Young, 2018-01-02 From the beautiful apsaras of Hindu myth to the swan maidens of European fairy tales stories of flying women some carried by wings others by clouds rainbows floating scarves and flying horses reveal the perennial fascination with and ambivalence about female power and sexuality In *Women Who Fly* Serinity Young examines the motif of the flying woman as it appears in a wide variety of cultures and historical periods in legends myths rituals sacred narratives and artistic productions She considers supernatural women like the Valkyries of Norse legend who transport men to immortality winged deities like the Greek goddesses Iris and Nike figures of terror like the Furies witches and succubi airborne Christian mystics and wayward dangerous women like Lilith and Morgan le Fay Looking beyond the supernatural Young examines the modern mythology surrounding twentieth-century female aviators like Amelia Earhart and Hanna Reitsch Throughout Young demonstrates that female power has always been inextricably linked with female sexuality and that the desire to control it is a pervasive theme in these stories This is vividly depicted for example in the twelfth-century *Nibelungenlied* in which the proud warrior queen Brünhilde loses her great physical strength when she is tricked into surrendering her virginity Even in

the twentieth century the same idea is reflected in the exploits of the comic book and film character Wonder Woman who Young suggests retains her physical strength only because her love for fellow aviator Steve Trevor goes unrequited The first book to systematically chronicle the figure of the flying woman in myth literature art and pop culture *Women Who Fly* offers a fresh look at the ways in which women have both influenced and been understood by society and religious traditions throughout the ages and around the world

Arthur of Britain Jennifer Sault, 2018-08-28 Myths are our collective dreams our inspiration and our aspiration they are the sacred stories that guide us in living a conscious life One of the most beloved myths of the West is that of King Arthur and his Companions of the Round Table and we find in this work that the spiritual teachings embodied in this myth are the same as those of the chakra system of the East Both map the development of human consciousness from conception to self realization Arthur of Britain transports us to the landscape and the time of King Arthur while opening our hearts to the power of myth to transcend time and space A retelling of some of the legends correlates the events of Arthur's life with the physical emotional mental and spiritual challenges that he and we encounter at each chakra Guided meditations use the archetypal symbols in the myth to help us negotiate those challenges and bring into consciousness the wisdom and self healing power that we all carry within This work is a valuable contribution to both the spiritual and mythological literature as it provides a bridge between the two and highlights the similarities rather than the differences of diverse traditions Also this book is available on Amazon and Barnes Noble
