craft Voni Graves the record setting million mile BMW rider is a long time Hough fan who relied on Hough's wisdom back in the 1970s when the author was a columnist The latest from David brings together his years of experience and his unique analysis to make the case for mastery in a conversational way that makes Mastering the Ride impossible to put down The breadth and depth of the information is astounding A section on the aging rider including ways to compensate for older riders slower reaction times and readapting their skills is included in the appendix as is a travelogue of Hough's road trips to some of his favorite locations A glossary resources section and index complete the book Manpower Development: Education and Training; [a Bibliography.]. William Eugene Tarrants, 1978 *Municipal Journal* ,1912 **Municipal Journal and Public Works** ,1912 **THE BCMC** Gary Smith, 2009-07-29 A young idealistic young man from Iowa comes to California to join the Los Angeles Police Department in the late 1950s The country is in the beginning of the Civil Rights era and many cities are in turmoil After a two year stint in street patrol in downtown L A Pete Felix achieves his goal of becoming a motorcycle officer His fellow officers call themselves B C M C meaning Big City Motor Cops His first trial is to complete the rigid training required by the LAPD to be accepted as a motor officer As Pete relates it was not an easy task During his motor officer training Pete meets his future police partner and they begin to experience the challenges and dangers that motorcycle cops face daily on the crowded and mean streets of L A Pete begins his story after his retirement as a middle aged man watching the riots on TV that followed the Rodney King incident He fumes at the lack of police attention to the crimes being committed in front of the cameras Finally he realizes that he can do nothing to stop the wild scenes and in frustration heads off to bed thinking of the past and his time on the job with the BCMCs He then relates many of his activities arrests and experiences which include many humorous incidents mixed with some of the most terrifying times in the City of Angels The reader will find out what it is like to be a traffic enforcement officer in one of the largest cities in the country Pete tells how he learned the ins and outs of riding a big police motorcycle on the streets and freeways of L A and gives you a personal glimpse of the many personalities that make up the LAPD of that era Look in on the rollicking times in the police roll calls as they start their tours of duty They challenge authority of supervision and generally raise hell at some of these roll calls Pete opens his police story with the chilling and most dangerous motorcycle police action a pursuit He describes his thoughts and actions as he chases the suspects and tries to stay alive while doing it As the story unfolds you get a picture of the private conversations and relationships between the officers with which Pete works in the various phases of his career Accidents and confrontations with traffic violators are the daily challenge of a BCMC and Pete has his own way of dealing with them The manner with which cops deal mentally with the horrors and the sadness of the real life and death that the cops must face will surprise you Some will say that cops must be hardened and cynical to cope Some are and some aren't Go with Pete and his fellow officers as the City of L A erupts into the chaos of the Watts Riot Feel the terror and dangers that faced the BCMCs and the innocent victims of the riot Pete survives several minor accidents on his motorcycle but while on a special detail

chasing speeders in a busy part of L A Pete crashes into a car that makes an illegal turn in front of him He receives major injuries that threaten his career as a motor cop Pete recovers and regains his position on the job but things are never the same for him after that As Pete ages he looks back at the way things were and the way they for are him now With a flare for comedy and a dedication to duty Gary Smith tells the stories that he and other officers lived on the LAPD in his era The stories in his book are true stories from his personal experiences and of some of his fellow officers Names have been changed but the realities that Gary portrays here are The way it was Whitechapel Bryan Lightbody,2006-12-13 In 1888 a series of notorious murders were perpetrated by an enigmatic killer known only as Jack the Ripper who terrified the Whitechapel district of East London Six women were murdered in a four month period with the killings ending as suddenly as they began with an unknown motive Whitechapel tells the story of these killings through the eyes of Robert Ford a young uniform constable working in the district during the reign of the horrific crimes The fictional story of his involvement with the investigation presents a plausible explanation of how and why the killings were perpetrated how and why Jack the Ripper was never caught and how members of the British establishment perverted the course of justice for their own selfish ends It is also a story of love duty romance tragedy and ultimately revenge that spans the late 19th Century in America London and Paris through to the early 20th Century returning to St Louis Missouri Not only does it present a compelling read as a thriller but also serves as a history lesson about the Jack the Ripper murders and about social deprivation in London during the late Victorian era Although in reality the mystery of the killers identity remains Whitechapel draws a conclusion on why and who committed these ghastly crimes *FBI Law Enforcement Bulletin* ,1977 Michigan State Police Journal Milton R. Palmer,1925
