

Poor Richard's Almanac

**The Wit and Wisdom of
Benjamin Franklin**

Poor Williams Almanac English Edition

Padhraic Smyth

Poor Williams Almanac English Edition:

The Melody Man Bruce Bastin, Kip Lornell, 2012-06-22 Joe Davis the focus of The Melody Man enjoyed a 50 year career in the music industry which covered nearly every aspect of the business He hustled sheet music in the 1920s copyrighted compositions by artists as diverse as Fats Waller Carson Robison Otis Blackwell and Rudy Vallee oversaw hundreds of recording session and operated several record companies beginning in the 1940s Davis also worked fearlessly to help insure that black recording artists and song writers gained equal treatment for their work Much more than a biography this book is an investigation of the role played by music publishers during much of the twentieth century Joe Davis was not a music great but he was one of those individuals who enabled greats to emerge A musician manager and publisher his long career reveals much about the nature of the music industry and offers insight into how the industry changed from the 1920s to the 1970s By the summer of 1924 when Davis was handling the Race talent for Ajax records he had already worked in the music business for most of a decade and there was more than five decades of musical career ahead of him The fact that his fascinating life has gone so long under appreciated is remedied by the publication of Never Sell A Copyright Originally published in England in 1990 Never Sell a Copyright Joe Davis and His Role in the New York Music Scene 1916 1978 was never released in the United States and available in a very limited print run in England The author noted blues scholar and folklorist Bruce Bastin has worked with fellow music scholar Kip Lornell to completely update condense and improve the book for this first ever American edition Amendment to Communications Act of 1934 United States. Congress. Senate. Interstate and Foreign Commerce, 1958 Hearings United States. Congress. Senate. Committee on Commerce, 1958 Amendment to Communications Act of 1934 (Prohibiting Radio and Television Stations from Engaging in Music Publishing Or Recording Business) United States. Congress. Senate. Committee on Interstate and Foreign Commerce. Subcommittee on Communications, 1958 Includes the following submitted material a American Society of Composers Authors and Publishers monthly record release listing Jan 1958 p 335 388 b Broadcast Music Inc affiliated music publishers in U S and foreign countries alphabetical list by name and state or country p 613 762 c Broadcaster BMI Domination of the Music Industry by John Schulman for Songwriters Protective Association p 1035 1144 **Loosening the Bonds** Joan M. Jensen, 1986-01-01 This book the first to investigate the rich and complex lives of rural women during this period focuses on women in the Philadelphia hinterland and shows how they became an essential part of that area s rise to agricultural prominence The author concludes that rural women in the mid Atlantic region decreased patriarchal power within the family became active shapers of the process of commercialization and economic development and carved out new roles for themselves in public life providing the base for the development of the feminist movement in the antebellum era Jacket **In the Words of Our Founders** , Tullius, 2019-05-24 The overtly obvious and seemingly malicious maligning of our Founders by many Americans within our systems of education government and media is being performed with a greater intensity at the passing of each

year This constant incessant and relentless barrage of misinformation and falsehoods about their beliefs character and intentions is not only blatantly unjust on its face it is being done to achieve a larger goal What might that goal be Perhaps to transform the country from its original foundational structures to one of power and control for the benefit of the favored few How might this be achieved It can only be accomplished by destroying its original identity of which many mechanisms must be effectively applied e g dumb down and divide the citizenry make alteration of its true history and legitimacy and make chaos of its laws Indeed rid it of its groundwork in natural law and rights rid it of the republican federal arrangement rid it of the ringing of the bells of freedom and liberty due its people If these be achieved and the house divided it surely will no longer stand and might more easily be enslaved The work you hold in your hand is the first of a three volume series designed to inform you of whom our Founders actually were how they formed their beliefs how they fought with tyranny how they understood the vices due humanity and its relationship to corruptive government and how they implemented a system of limited authority to both promote liberty and check coercion and autocracy through both limited and separation of powers The relevance and gravity to fully understanding these facts even against the backdrop of difficulties with institutional slavery and illegal confiscatory actions of property is crucial for the survival of both our national and individual identities They intentionally structured our form of government to promote our God given and inalienable rights due us to protect of our labor private property and wealth against those within the ruling classes of the church state strongholds The time has fully arrived to allow our Founders to speak for themselves You should however hold no pre conceived biases one way or the other hold no fantastical favors for or against these men and women whom we identify as Founders nor hold anything but truth as your guide since it is quite possible that your historical frame of reference will be severely shaken It is best you simply strap in Tullius
