 - Shut off the gas supply at the gas container or source.
 - Do not touch any electrical switch, or use any phone or radio in the vehicle.
 - Do not start the vehicle's engine or electric generator.
 - Contact the nearest gas supplier or qualified service technician for repairs.
 - If you cannot reach a gas supplier or qualified service technician, contact the nearest fire department.
 - Do not turn on the gas supply until the gas leak(s) has been repaired.
- Installation and service must be performed by a qualified installer, service agency or the gas supplier.

Installer: leave this manual with the appliance.

Consumer: Retain this manual for future reference.

Due to high temperatures, the unit should be located out of traffic and away from furniture and drapes.

Children and adults should be alerted to the hazards of high surface temperatures and should step away to avoid burns or clothing ignition.

Young children should be carefully supervised when they are in the same room as the unit.

Clothing or other flammable material should not be placed on or near the unit.

Any safety screen or guard removed for servicing the unit must be replaced prior to operating the unit.

The area around the unit must be kept clear from combustible materials, gasoline and other flammable vapors and liquids.

Installation and repairs should be done by a qualified service person. The unit should be inspected before use, and at least annually by a qualified service person. No modifications may be required due to restrictions from camping, loading material, etc. It is imperative that vented compartments, burners, and circulating air passageways of the unit be kept clear.
