*Making Educational Changes Sustainable: A Guide* David Baine, Ph.D., 2020-04-12. Billions of dollars are wasted on unsuccessful educational innovations. The results: failure to improve student outcomes, discouraged teachers, and wasted time and money. This Guide demonstrates how to introduce positive and sustainable educational improvements based on leading research. Practical step-by-step methods demonstrate preplanning, analysis of influential social, political, educational, financial and policy characteristics of contexts into which changes will be introduced, make contextually valid decisions, how to identify and prevent impediments to change. Implementation: use systematic strategies for introducing change, how to create a culture of collaboration, collegiality and authenticity, united in the focus. We can improve student achievements, how to team with stakeholders, the government, school boards, teachers, students, parents and the community, how to deliver effective classroom, valid professional development, how to establish active and engaged communication for mutual feedback, mentoring and reinforcement. Evaluation: how to select valid and reliable methods of program evaluation, how to make data-based decisions for program sustainment, how to make durable educational changes. Written by an award-winning author, David Baine, academic and practitioner. If you want to improve student achievements, this is a must-have Guide.
