Child Support for Custodial Mothers and Fathers (1991) Lydia Scoon-Rogers, Gordon H. Lester, 1999-04 Presents results from a April 1992 survey Provides information on the receipt of child support payments in 1991 by parents living with their own children whose other parents are absent following divorce or separation and on the receipt of child support payments by never married custodial parents For the first time data on custodial fathers were collected to supplement the CPS reflecting the growing need for information about men living with their own children whose mothers are absent from the household In 1992 there were about 11 million custodial parents 10 million of whom were custodial mothers and 2 million of whom were custodial fathers **Child Support for Custodial Mothers and Fathers** ,1991 **For Richer, For Poorer** Demie Kurz, 2013-12-02 For Richer For Poorer provides a new perspective on the impact of divorce on women Based on interviews with a random sample of divorced mothers this book identifies their real concerns inadequate resources from their ex husbands and the state and unequal social policies Presenting accounts of how they manage the divorce process divorced women of diverse background describe their attempts to rebuild their own lives and those of their families Demie Kurz proposes a reversal of policies which penalize the single parent family by failing to provide mothers and children with adequate resources **Child Support Report** ,1994-04 Handbook of Father Involvement Natasha J. Cabrera, Catherine S. Tamis-LeMonda, 2013-05-07 This second edition reviews the new research findings and theoretical advances on fathers families child development programs and policies that have occurred in the past decade Contributors from a range of disciplines and countries showcase contemporary findings within a new common chapter structure All of the chapters are either extensively revised or entirely new Biological evolutionary demographic developmental cultural sociological economic and legal perspectives of father involvement are described along with policy and program implications Now with a greater international perspective this edition considers demographic shifts in families in the United States and Europe All chapters now follow a common structure to enhance readability and interdisciplinary connections Each chapter features Historical Overview and Theoretical Perspectives Research Questions Research Methods and Measurement Empirical Findings Bridges to other Disciplines Policy Implications and Future Directions In addition each chapter highlights universal and cultural processes and mechanisms This structure illuminates the ways that theories methods and findings are guided by disciplinary lenses and encourages multidisciplinary perspectives This extensively revised edition now features Expanded section on Biological and Evolutionary Perspectives that reviews fathering in animal populations and the genetic and hormonal underpinnings that feed into fathering behaviors within and across species New section on Economic and Legal Perspectives that addresses the economics of fatherhood marriage divorce and child custody issues and family dispute resolution New section on Child Development and Family Processes that covers topics on father child relationships the father role in children s language cognitive and social development and father risk family context and co parenting Separate chapters on Black

Latino and Asian American fathers Now includes research on cohabitation and parenting gender roles and fathering intergenerational parenting and fatherhood implications for men in the section on Sociological Perspectives The latest demographics policies and programs influencing father involvement in both the US and Europe Coverage of methodological and measurement topics and processes that are universal across ethnic groups and cultures in each chapter Intended for advanced students practitioners policymakers and researchers interested in fatherhood and family processes from a variety of disciplines including psychology family studies economics sociology and social work and anyone interested in child and family policy Handbook of Measurement Issues in Family Research Sandra L. Hofferth, Lynne M. Casper, 2013-04-15

Dramatic societal changes have reshaped America's families Young adults have delayed marriage and cohabitation before marriage has become commonplace One in three women giving birth is unmarried and the proportion of children under 18 living in single parent families rose from 23 to 31 percent between 1980 and 2000 reflecting increased rates of both nonmarital childbearing and divorce This authoritative volume offers a blueprint for addressing some of the most important measurement issues in family research and it points out potential pitfalls for researchers and students who may not be familiar with data quality issues The Handbook of Measurement Issues in Family Research will appeal to scholars in the departments of psychology sociology and population studies as well as researchers working in governmental agencies

Custodial Mothers and Fathers and Their Child Support ,2006 The need for personal assistance with everyday activities Cynthia J. Harpine,John M. McNeil,Enrique Jorge Lamas,1990 **Disability, Functional Limitation, and Health Insurance Coverage** John M. McNeil,1986 **Improving Children's Lives** Rebecca Y. Kim,2021-12-12 First published in 1996 For the last three decades the public income transfer system for families with children in the United States has been criticized for being overly targeted on extremely poor families headed by single mothers Most criticism has focused on two features of the system its categorical nature and its reliance on income tested benefits Categorical requirements for eligibility which limit benefits mainly to single parent families have been criticized as unfair to two parent families and as discouraging marriage Income tested benefits have been reprimanded because they discourage work in that they reduce benefits by extremely high rates as earnings increase To remedy these shortcomings of the over targeted system the author discusses three policy proposals all providing universal benefits 1 a refundable tax credit for children 2 universal health care coverage and 3 a child support assurance system
