Sales Training Advantage for Results Gerard Assey, 2022-02-10 Sales Training Advantage for Results is a uniquely designed system to transform one into a STAR Sales Consultant by helping them discover the secrets that drive the top world's sales professionals. It is designed to help the individual or the team create the habits and lasting changes by enabling them replace current unacceptable patterns that are costing their company sales with new ones that will eventually help them achieve their sales goals faster and more consistently. As budgets continue to shrink and the competition continues to increase, mastering the sales process the professional way is a vital part of survival. People no longer buy a product or a service for its features; customers now want to know how that product or service will benefit them before they make a purchasing decision. To be successful in this environment, salespeople must be adept at both uncovering customer needs and demonstrating how they can fulfill those needs. Establishing value does not start with a prepared presentation but with a search for the customer's real needs. Customers care more about solving their problems and meeting their objectives than they do about the range of services the Sales Person and his company has to offer. Sales Training Advantage for Results will provide a very structured, formatted step by step approach to help win, keep customers for life. No gimmicks, no jargon, just emphasis on relationship building to enable you gain market advantage, get you results, a course on 100% building value, long lasting partnerships with customers. A must for anyone in Sales, right from the front line to the CEO. Praises, Raves, Reviews: Gerard is an absolute STAR salesperson with huge doses of each of the attributes mentioned in this book. This amazingly structured book he has put together with his long years of experience both on field as a sales professional and as a coach, mentor for several sharp minds across the world, will bring out the best in you. Gerard Assey takes the sales person on a compelling journey in mastering the art of selling and salesmanship, a must read for anyone aspiring to become a successful business executive. Mike Selvarajah, International Business Executive, Associate Director, BELL CANADA. Sales people like to learn from sales people; it's also a fact that there is none better to enlighten you on systems of achieving sales than Gerard Assey. He is providing value to MRF through training our sales force for 10 years, and the results speak for themselves. This book would serve as a ready reckoner to achieve excellence in selling through adopting the systems described by Gerard V Chacko, Jacob, Assistant Manager, Learning Development, MRF Ltd. Boudreaux,2022 **Training Manual** United States. War Dept,1924 *SALES TRAINING: The art of selling to intelligent people* ,2015-11-21 How will this book benefit you Sales people often think If I m hard working and honest with my customers why do I need a better understanding of things like neuroscience the psychology of trust and reverse psychology The answer is simple there are some truly amazing sales people who go the extra mile to collect their customers at the airport entertain them at restaurants tell funny jokes on LinkedIn and then after doing all these things to impress customers they find out that the customer bought from their competitor who did not do any of these things to impress them Sometimes the customer can even perceive dedicated sales consultants as being desperate causing them to lose the deal Other sales people still attempt to use mental strategies to persuade their customers to buy their products or services and by doing so they seem to forget that resistance to persuasion is a common reaction in all human beings This results in salespeople failing to close straightforward sales that should have been very easy to close This is precisely why salespeople need a deeper understanding of how customers think whom they trust and why they decide to buy Appreciating these concepts will give you a real edge as a salesperson you will gain the confidence and proficiency to take your sales performance to the highest level All the techniques found in this book focus on smarter sales not harder sales Hopefully by the end of this book you will have understood that sales success does not depend on your desire to sell or on how hard you try Rather it depends on your ability to understand the mechanisms that underlie the buying process You will learn to be a smarter salesperson who is confident and relaxed and can dextrously use a handful of strategies leading to success What this book is NOT about Now let s be clear about something some people think that this book is about the dark side of sales However this is not the case Au contraire if you are stuck in a pattern where you are currently using questionable sales techniques that are making good money but is bad for your reputation you re about to learn new methods that are more effective and will give you an excellent reputation instead The methods described in this book are insightful rather than dubious Who is this book for There are three groups of people who will benefit tremendously from reading this book Firstly if you already work in sales and perform well but somehow find that over time your reputation is suffering in the process Secondly if you are totally new to sales and would like to get it right from the start with this book you can learn to master the psychology of selling so that you never struggle in this profession Thirdly if you work in sales have a good reputation but you need to increase your conversion rate to see better performance this book will allow you to fine tune your selling approach Cautionary notes The tactics explained in this book are best used when selling a credible product or service to the right prospect Please don t abuse these tactics to try and manipulate buyers into spending their money on inferior products that they will regret buying After all it is your responsibility to preserve your long term reputation as a sales professional **Catalog of Copyright Entries.
