 Perreira,2021-11-29 This book focuses on the migration of undocumented minors arriving recently to the United States and
 the European Union flows that are often labeled undocumented illegal or irregular and due to their sudden increase they
 have been described in the media policy circles and scholarly work as a surge or a crisis Leading scholars examine the
 intricacies of the contexts that these minors encounter in the localities where they arrive including the legal and ethical
 frameworks for protecting unaccompanied minors governmental decisions about the best interests of the children these
 minors expressions of their own best interests or agency as they navigate immigration and social service systems conditions
 in detention centers and the health and social service needs in receiving communities Though definitions and techniques for
 counting unaccompanied migrant minors differ between the U S and the EU this book underscores the immigrant minors
 common vulnerabilities and strategies they adopt to protect themselves and improve their circumstances At the same time
 contributors to the volume highlight common challenges that both European and U S governments face as they develop
 policy strategies and legal mechanisms to attempt to balance the best interests of these children with national interests of
 the countries in which they settle The chapters in this book were originally published as a special issue of the Journal of
