Counseling 21st Century Students for Optimal College and Career Readiness Corine Fitzpatrick, Kathleen Costantini, 2022-02-17 This second edition presents an updated action based curriculum for high school counselors that will meet the needs of 21st century students helping to foster their growth and engage them in learning what they need to succeed beyond high school. This book takes a comprehensive developmental approach focusing on 9th-12th grade students rather than solely on those in 11th and 12th grade. It provides a model for developing and enhancing a successful college advising office as well as essential advice on methods of working with parents. Specific topics discussed include successful transition to 9th grade, using technology in the college and career advising process, assisting and advising students in college research and application, and helping seniors make successful transitions to college. There is also a special focus on students in urban and rural schools to enable them to have the same enriched experiences in their college and career advising program as those students in private and suburban schools. The curriculum is geared for use by school counselors, college advisors, and readers in graduate counseling student courses. **ACT Prep Plus 2025: Study Guide Includes 5 Full Length Practice Tests, 100s of Practice Questions, and 1 Year Access to Online Quizzes and Video Instruction** Kaplan Test Prep, 2024-06-04 Kaplan's ACT Prep Plus 2025 has the detailed subject review, practice tests, and expert strategies you need to be prepared for test day.
