Goal(s)
By the end of the year, I will raise my score on identifying critical information from a 2 to a 4, and I expect to see students describing the level of importance of the information addressed in class, students explaining why the content is important to pay attention to, and students visibly adjusting their level of engagement when critical information is share.

Step 4: Identify Specific Action Steps and Resources

What am I learning about the strategy?	I realized that I was not pointing out the importance of critical information within my lesson at the beginning of the class period.
