 Martin Jacobi, Michael G. Moran, 1990-02-15 This reference handbook surveys research on the central issue associated with
 the teaching of unprepared writers Though basic writing has only been recognized as a distinct area of teaching and
 research since 1975 the existing bibliographic texts already seem limited due to their age or lack of annotation This volume
 provides current and extensive bibliographic essays and will help to define this new field of study for teachers and
 researchers Following an introduction that summarizes the origins and significant texts in basic writing the book is divided
 into three sections Social Science Perspectives Linguistic Perspectives and Pedagogical Perspectives The first section which

contains three essays views the field through the lens of social psychological and political issues The second section also containing three essays examines contributions made from studies of grammar dialects and second language acquisition The third section in its four essays focuses on the design development administration and evaluation of basic writing courses the use of computers in basic writing classrooms the role of the writing lab and the preparation of basic writing teachers An appendix that reviews current textbooks for basic writing courses is also included as well as an index This book will be a valuable resource for teachers of basic writing in education courses and workshops that train teachers and tutors and in fields such as linguistics technical writing and Teaching English as a Second Language It will also be an important addition to public and university libraries and many education programs

Canaan and Israel in Antiquity: A Textbook on History and Religion K. L. Noll, 2013-03-14 This comprehensive classic textbook represents the most recent approaches to the biblical world by surveying Palestine's social political economic religious and ecological changes from Palaeolithic to Roman eras Designed for beginners with little knowledge of the ancient world and with copious illustrations and charts it explains how and why academic study of the past is undertaken as well as the differences between historical and theological scholarship and the differences between ancient and modern genres of history writing Classroom tested chapters emphasize the authenticity of the Bible as a product of an ancient culture and the many problems with the biblical narrative as a historical source Neither maximalist nor minimalist it is sufficiently general to avoid confusion and to allow the assignment of supplementary readings such as biblical narratives and ancient Near Eastern texts This new edition has been fully revised incorporating new graphics and English translations of Near Eastern inscriptions New material on the religiously diverse environment of Ancient Israel taking into account the latest archaeological discussions brings this book right up to date
