The Political Theory of Conservative Economists Conrad P. Waligorski, 2021-10-08 It is difficult to overstate the impact of conservative economics on American life. The conservative thought of economists like Milton Friedman, James Buchanan, and Friedrich Hayek has provided the conceptual framework that undergirds nearly every aspect of current U.S. social economic policy. Although a great deal has been written about the economic theories of these Nobel Prize-winning economists, this study is the first to examine the political theory that underlies conservative economics and its implications for public policy. Long associated with the Chicago and public choice schools of thought, Friedman, Buchanan, Hayek, and others have consistently repudiated Keynesian principles. They have steadfastly opposed social welfare policies and regulation of private enterprise, championing instead the free market as a mechanism for ordering society. In this book, Conrad Waligorski analyzes the political content of the conservative economists' arguments. In so doing, he illuminates the political, economic, and philosophical ideas behind and justification for the laissez faire policy, the reduced regulation, intervention, and welfare favored by conservative governments in the United States, Canada, and Britain.

Communication, Culture, and Human Rights in Africa Bala A. Musa, Jerry Komia Domatob, 2012-07-10 Communication Culture and Human Rights in Africa provides a comprehensive and interdisciplinary analysis of the interface between human rights and civil society, the media, gender, education, religion, health, communication, and political processes in sub-Saharan Africa. It weaves theory, history, policy, and case analyses into a holistic intellectual and cultural critique while offering insightful practical solutions.

Ethics: Theory and Practice Y. V. Satyanarayana, 2009 Ethics is a part of philosophy that is concerned with living well and choosing the right course of action. The choice of the course of action is based on moral reasoning, and there is no single moral theory on which we can base the choices that we make. The application of moral standards in life is also the concern of Ethics Theory and Practice, which deals with moral theories in Indian and Western philosophical traditions as well as the debates that centre around their application. The book has ten chapters: the first chapter presents what morality and moral reasoning is; the second chapter is a critical survey of some popular concepts of Indian ethics; the third chapter surveys Western moral theories; and the remaining seven chapters cover a variety of contemporary moral issues that are controversial as well as inescapable. They deal with issues like capital punishment, civil disobedience, euthanasia, and women's rights.

American Law from a Catholic Perspective Ronald J. Rychlak, 2015-03-11 Edited by Ronald J. Rychlak, *American Law from a Catholic Perspective* is one of the most comprehensive surveys of American legal topics by major Catholic legal scholars. Contributors explore bankruptcy, corporate law, environmental law, family law, immigration, labor law, military law, property, torts, and several different aspects of constitutional law among other subjects. Readers will find probing arguments that bring to bear the critical perspective of Catholic social thought on American legal jurisprudence. Essays include Michael

Ariens's account of Catholicism in the intellectual discipline of legal history William Saunders's assessment of human rights and Catholic social teaching Hadley Arkes's look at the place of Catholic social thought with respect to bioethics and many others on major legal topics and their intersection with Catholic social teaching *American Law from a Catholic Perspective* is essential reading for all Catholic lawyers judges and law students as well as an important contribution to non Catholic readers seeking guidance from a faith tradition on questions of legal jurisprudence Based on well developed and established ideas in Catholic social thought the evaluations suggestions and remedies offer ample food for thought and a basis for action in the realm of legal scholarship

Reason, Religion, and Natural Law Jonathan A. Jacobs, 2012-11-08 This edited volume examines the ways in which theological considerations have figured in natural law theorizing from Plato to Spinoza Theological considerations have long had a pronounced role in Catholic natural law theories but have not been seriously examined from a wider perspective The contributors to this volume take a more inclusive view of the relation between conceptions of natural law and theistic claims and principles They do not jointly defend one particular thematic claim but articulate diverse ways in which natural law has both been understood and related to theistic claims In addition to exploring Plato and the Stoics the volume also looks at medieval Jewish thought the thought of Aquinas Scotus and Ockham and the ways in which Spinoza's thought includes resonances of earlier views and intimations of later developments Taken as a whole these essays enlarge the scope of the discussion of natural law through study of how the naturalness of natural law has often been related to theses about the divine The latter are often crucial elements of natural law theorizing having an integral role in accounting for the metaethical status and ethical bindingness of natural law At the same time the question of the relation between natural law and God and the relation between natural law and divine command has been addressed in a multiplicity of ways by key figures throughout the history of natural law theorizing and these essays accord them the explanatory significance they deserve

Philosophy of Sexuality Don Marietta, Jr., 2016-09-16 This text offers a broad range of topics relating to the philosophy of sexuality These include morality adultery sex and gender differences romantic love gender based speech marriage family and parenthood feminism and others

[AN APPRAISAL OF RATIONALISM IN MODERN SCIENCE](#) PATRICK MENDIE, 2017-01-17 The main objective of this work is to establish the prominent role played by rationalism in the birth and growth of modern science Other objectives are 1 To highlight the relevance of rationalism in modern science and its contribution to knowledge 2 To examine contributions from some rationalist philosophers whose works have strengthened the growth and development of modern science 3 To show the diminishing influence of empiricism in modern science Theory of relativity and Quantum m

Responding to Terrorism Robert Imre, T. Brian Mooney, 2016-04-08 Terrorism and political violence as a field is growing and expanding This volume provides a cross disciplinary analysis political philosophical and legal in a single text and will appeal to readers interested in studying this phenomenon from all perspectives The volume covers the full spectrum of issues including torture terrorism causes and

cures legal issues globalization and counter terrorism The authors bring their individual specialities to the fore in a concise and easy to follow format Comprehensive and well informed Responding to Terrorism will appeal to a variety of disciplines including sociology politics security studies philosophy international law and religious studies The originality of the volume makes it a valuable addition to any college or university library and classroom

Persuasion Ethics Today Margaret Duffy, Esther Thorson, 2015-12-07 Persuasion Ethics Today explores persuasive communication in the fields of advertising promotions public relations and integrated marketing communication and is designed for course use in advertising curricula Ethical questions have become increasingly important in today's media landscape and issues of regulation privacy and convenience are the subjects of heated debate among consumers industry professional policy makers and interest groups With the explosion of social media mobile devices tracking technologies and behavioral targeting the ethical issues about persuasion continue to increase in importance This book's goal is to offer a broad introduction to the ethical standards challenges understanding and decision making strategies involved in the practice of persuasion Persuasion Ethics Today links real world persuasive communication activities to fundamental philosophies of ethics It also offers tools for students and practitioners to engage with ethical dilemmas in a systematic way and jumpstart debates about the right ethical choices in an increasingly complex media and social environment
