Sustainable Poetry Leonard M. Scigaj, 2021-12-15 Focusing on the work of A R Ammons Wendell Berry W S Merwin and Gary Snyder author Leonard Scigaj shows that just as a sustainable society does not depreciate its resource base so a sustainable poetry does not restrict interest to language Over the past thirty years many poets have shown an increasing sensitivity to ecological thinking But critics trained in

poststructuralist language theory often fail to explore the substance of ecopoetry Scigaj is the first to define ecopoetry as separate and distinct from nature or environmental poetry marked by its concern with balancing the interests of human beings with the needs of nature Just as science learned that the earth was not the center of the universe ecopoetry insists on the recognition that humans are not at the center of the natural world Pop Goes the Decade Martin Kich,Aaron Barlow,2020-01-07 Analyzing complex social and political issues through their manifestations in popular culture this book provides readers a strong foundational knowledge of the 1960s as a decade 1969 went out in a way that could never have been imagined in 1960 While the president at the end of the decade had been vice president at the start the intervening years permanently changed American culture Pop Goes the Decade The Sixties explores the cultural and social framework of the 1960s addressing film television sports technology media advertising fashion art and more Entries are presented in encyclopedic fashion organized into such categories as controversies in pop culture game changers technology and the decade s legacy A timeline highlights significant cultural moments while an introduction and a conclusion place those moments within the contexts of preceding and subsequent decades Attention to the decade s most prominent influencers allows readers to understand the movements with which these figures are associated and discussion of controversies and social change enables readers to gain a stronger understanding of evolving American social values Gary Snyder and the Pacific Rim Timothy Gray,2006-10 In Gary Snyder and the Pacific Rim Timothy Gray draws upon previously unpublished journals and letters as well as his own close readings of Gary Snyder s well crafted poetry and prose to track the early career of a maverick intellectual whose writings powered the San Francisco Renaissance of the 1950s and 1960s Exploring various aspects of cultural geography Gray asserts that this west coast literary community seized upon the idea of a Pacific Rim regional structure in part to recognize their Orientalist desires and in part to consolidate their opposition to America s cold war ideology which tended to divide East from West The geographical consciousness of Snyder s writing was particularly influential Gray argues because it gave San Francisco s Beat and hippie cultures a set of physical coordinates by which they could chart their utopian visions of peace and love Gray s introduction tracks the increased use of Pacific Rim discourse by politicians and business leaders following World War II Ensuing chapters analyze Snyder s countercultural invocation of this regional idea concentrating on the poet s migratory or creaturely sensibility his gift for literary translation his physical embodiment of trans Pacific ideals his role as tribal spokesperson for Haight Ashbury hippies and his burgeoning interest in environmental issues Throughout Gray s citations of such writers as Allen Ginsberg Philip Whalen and Joanne Kyger shed light on Snyder s communal role providing an amazingly intimate portrait of the west coast counterculture An interdisciplinary project that utilizes models of ecology sociology and comparative religion to supplement traditional methods of literary biography Gary Snyder and the Pacific Rim offers a unique perspective on Snyder s life and work This book will fascinate literary and Asian studies scholars as well as the general reader interested in the Beat movement and multicultural

influences on poetry

Literature, Nature, and Other Patrick D. Murphy, 1995-02-01 The book first establishes a theoretical framework for conceptualizing environmental analysis It then develops a conception of environmental literature with an emphasis on works by women arguing for the need to reconceptualize woman nature and nature culture associations and critiquing the problems of male poetic sex typing of the planet Murphy also elaborates on specific works and authors with an emphasis on literary texts by Hampl Harjo Snyder and Le Guin Additionally he treats issues of canon and pedagogy as well as the possibility of agency in a postmodern era Ranging across diverse fields and incorporating cultural studies post structuralist literary theory and ecofeminist philosophy Literature Nature and Other both defines and critiques the current terrains of literary ecocriticism and nature writing environmental literature Literary examples are drawn from fiction poetry and prose including postmodern metanarratives and works by Native Americans and Chicanas

Reading the Past Across Space and Time Brenda Deen Schildgen, Ralph Hexter, 2017-03-02 Featuring leading scholars in their fields this book examines receptions of ancient and early modern literary works from around the world China Japan Ancient Maya Ancient Mediterranean Ancient India Ancient Mesopotamia that have circulated globally across time and space from East to West North to South South to West Beginning with the premise of an enduring and revered cultural past the essays go on to show how the circulation of literature through translation and other forms of reception in fact long predates modern global society the idea of national literary canons have existed just over a hundred years and emerged with the idea of national educational curricula Highlighting the relationship of culture and politics in which canons are created translated promulgated and preserved this book argues that such nationally defined curricula were challenged by critics and writers in the wake of the Second World War

Poet in Place and Time Mary Paniccia Carden, Jane Falk, 2024-05-15 Poet in Place and Time Critical Essays on Joanne Kyger addresses the work of poet Joanne Kyger from a variety of approaches from her first book The Tapestry and the Web 1965 to her last major work On Time 2015 situating her within various movements of 20th century American poetry

The Collected Poems of Frank O'Hara Frank O'Hara, 1995-03-31 Available for the first time in paperback The Collected Poems of Frank O'Hara reflects the poet's growth as an artist from the earliest dazzling experimental verses that he began writing in the late 1940s to the years before his accidental death at forty when his poems became increasingly individual and reflective

Power and the Pursuit of Peace: Theory and Practice in the History of Relations Between States F. H. Hinsley, Francis Harry Hinsley, 1967-10 In the last years of the nineteenth century peace proposals were first stimulated by fear of the danger of war rather than in consequence of its outbreak In this study of the nature and history of international relations Mr Hinsley presents his conclusions about the causes of war and the development of men's efforts to avoid it In the first part he examines international theories from the end of the middle ages to the establishment of the League of Nations in their historical setting This enables him to show how far modern peace proposals are merely copies or elaborations of earlier schemes He believes there has been a marked reluctance to test these theories not only against the

formidable criticisms of men like Rousseau Kant and Bentham but also against what we have learned about the nature of international relations and the history of the practice of states This leads him to the second part of his study an analysis of the origins of the modern states system and of its evolution between the eighteenth century and the First World War **The Cambridge Guide to Literature in English** Dominic Head,2006-01-26 This illustrated and fully updated Third Edition of The Cambridge Guide to Literature in English is the most authoritative and international survey of world literature in English available The Guide covers everything from Old English to contemporary writing from all over the English speaking world There are entries on writers from Britain and Ireland the USA Canada India Africa South Africa New Zealand the South Pacific and Australia as well as on many important poems novels literary journals and plays This new edition has been brought completely up to date with more than 280 new author entries most of them for living authors The general reader will find it fascinating to browse and to discover many new writers and works while students will find it an invaluable resource for daily use This is a unique work of reference for the twenty first century that no reader or library should be without

Modern American Environmentalists George A. Cevalco,Richard P. Harmond,2009-06-15 Modern American Environmentalists profiles the lives and contributions of nearly 140 major figures during the twentieth century environmental movement Included are iconic environmentalists such as Rachel Carson E O Wilson Gifford Pinchot and Al Gore and important but less expected names including John Steinbeck and Allen Ginsberg The entries recount how each individual became active in environmental conservation detail his or her significant contributions trace the influence of each on future efforts and discuss the person s legacy The individuals selected for the book displayed either an unparalleled commitment to the conservation preservation restoration and enhancement of the natural environment or made a major contribution to the growth of environmentalism during its first century With a foreword by environmental historian Everett I Mendolsohn a time line of key environmental events a bibliography of groundbreaking works and an index organized by specialization this biographical encyclopedia is a handy and complete guide to the major people involved in the modern American environmental movement

Reading The Trail Corey Lee Lewis,2005-02-15 A provocative new way to read and interpret the classic works of John Muir Mary Austin and Gary Snyder and to bring their ideas into the discussion of ecological values and the current environmental crisis Lewis combines a perceptive discussion of their work and ideas with an engaging account of his own trail experiences as hiker backpacker and volunteer trail builder proposing that such a field based interdisciplinary approach to literary study and outdoors experience can enrich our appreciation for the work of nature writers

Poet's Choice Edward Hirsch,2006 A collection of revised and expanded writings culled from the author s popular Washington Post Book World Poet s Choice column demonstrates how poetry responds to world challenges and introduces the work of more than 130 writers

Because It Is So Beautiful Robert Leonard Reid,2017-06-01 A Finalist for the PEN Diamonstein Spielvogel Award for the Art of the Essay Yes every inch of the globe has been seen mapped

photographed and measured but is it known Robert Leonard Reid doesn't think so To draw a circle and calculate its diameter is not to know the circle In this collection Reid distinguishes himself from many science based nature writers using the natural world as a springboard for speculations and musings on the numinous and the sacred injustice homelessness the treatment of Native Peoples in the United States and what pushes mountaineers to climb Ranging in their settings from eastern New Mexico to northern Alaska Reid's essays illustrate his belief that the American West is worth celebrating and caring for Taking its title from an affecting speech given by renowned author Barry Lopez Because It Is So Beautiful is a response to desperate questions surrounding America's wildlands Lopez's words resonated with the young mountaineer musician mathematician Robert Leonard Reid who was struggling to understand his relationship to the world to find his vision as a writer What he learned on that long ago evening is knit throughout the nineteen pieces in the collection which include essays from Reid's previous books Arctic Circle Mountains of the Great Blue Dream and America New Mexico three essays that appear here in print for the first time as well as revised and expanded versions of essays that appeared in Touchstone The Progressive and elsewhere

Poetics of Emptiness Jonathan Stalling, 2010 Poetics of Emptiness traces the historically specific intertextual pathways of a single if polyvalent philosophical term emptiness as it is transformed within twentieth century American poetry and poetics This conceptual migration is detailed in two sections The first focusing on transpacific Buddhist poetics discusses Ernest Fenollosa's The Chinese Written Character as a Medium for Poetry as an expression of Fenollosa's Buddhist poetics explores classical Chinese poetics as it was known by Fenollosa and talks about the role of emptiness in Gary Snyder The second half on transpacific Daoist poetics explores the career of poet translator critic Wai lim Yip and engages the weave of post structural thought and Daoist and shamanistic discourses in Theresa Hak Kyung Cha Formulating interpretive frames as hybrid as the texts being read this book unveils one of the most important yet still largely unknown stories of American poetry and poetic
