In addition, by introducing key concepts to students at the beginning of each course of the program and later reinforcing them during active learning in the context of the business of healthcare, we help ensure that our students efficiently retrieve the concepts when they need them for problem-solving. With these modules, you can ensure you meet prerequisite knowledge requirements and are positioned for success in this program!

Required Questions

1. What were your overall pre and post-test scores on the related assignment? Did your score improve – why or why not?

My pretest score was 40% and my post test score was 80%. I reviewed all the material provided and after I completed each section I reviewed each review section thoroughly.

In the post-test I was the most knowledgeable in Charismatic & Transformation Leadership, Contingency Leadership, and Leadership styles. I don't know why I did better on Leadership Development Succession on the pre-test except I did so poorly on the other sections. During the modules, I liked the sections discussing Charismatic & Transformation Leadership, Contingency Leadership and Leadership Styles. I also think I did better on these sections because of some of the research articles I read for the Discussion assignment. The modules reminded me of what I had ready.

3. What subject areas did you find most challenging? What factors do you think impacted your performance in these areas? What is your greatest area(s) for improvement?

I found the Traits, Motives, and characteristics of a leader challenging. Learning this area is more involved and there was a lot of information I seemed to confuse with another. I improved the most in the
