Hadler,2017-01-30 In the early sixties crowds gathered to watch rites of destruction from the demolition derby where makeshift cars crashed into each other for sport to concerts where musicians destroyed their instruments to performances of self destructing machines staged by contemporary artists Destruction in both its playful and fearsome aspects was ubiquitous in the new Atomic Age This complicated subjectivity was not just a way for people to find catharsis amid the fears of annihilation and postwar trauma but also a complex instantiation of ideological crisis in a time with some seriously conflicted political myths *Destruction Rites* explores the ephemeral visual culture of destruction in the postwar era and its links to contemporary art It examines the demolition derby games and toys based on warfare playgrounds situated in bomb sites and the rise of garage sales where goods designed for obsolescence and destined for the garbage heap are reclaimed and repurposed by local communities Mona Hadler looks at artists such as Jean Tinguely Niki de Saint Phalle Martha Rosler and Vito Acconci to expose how the 1960s saw destruction construction and the everyday collide as never before During the Atomic age whether in the public sphere or art museums destruction could be transformed into a constructive force and art objects and performances often oscillated between the two *Ritual Embodiment in Modern Western Magic* Damon

Zacharias Lycourinos,2017-11-15 In the Western world magic has often functioned as an umbrella term for various religious beliefs and ritual practices that seek to influence events by harnessing supernatural power The definition of these myriad occult and esoteric traditions have however usually come from those that are opposed to its practice notably authorities in religious legal and intellectual spheres This book seeks to provide a new perspective directly from the practitioners of modern Western magic by exploring how a distinctive mode of embodiment and consciousness can produce a transition from an ordinary to a magical worldview Starting with an introduction to the study of magic in the Western academy the book then presents the author s own participant observation of five ethnographic case studies of modern Western magic The focus of these ethnographic case studies is directed towards ideas and methods the informants employ to self legitimise and self represent as magicians It concludes by discussing the phenomenological implications and issues around embodiment that are inherent to the contemporary practice of magic This is a unique insight into the lived experience of practitioners of modern magic As such it will be of keen interest to scholars of the Occult and New Religious Movements as well as Religious Studies academics examining issues around the embodiment and the anthropology of religion *Divine Egypt* Diana Craig

Patch,Brendan Hainline,2025-10-06 Ancient Egyptian religious practice flourished across millennia and encompassed a staggering array of gods goddesses and other divine beings This publication outlines the rich iconography used to represent

Egyptian deities from the stately falcon headed Horus associated with power and kingship to the fearsome lion headed Sakhmet and explores how these representations evolved alongside the roles of the gods themselves Illustrated with more than 300 exceptional works of art including statuary figurines jewelry animal mummies and coffins Divine Egypt examines the expansive set of features used to symbolize more than 20 deities and their variations while also familiarizing readers with the meaning and cultural significance of each figure World renowned scholars explain how the ancient Egyptians recognized and understood divine images and the otherworldly nature of their gods Essential reading for lovers of Egyptian art this book enriches our understanding of not only the deities of ancient Egypt but also the lives of all strata of ancient Egyptian society

Understanding Medieval Liturgy Helen Gittos, Sarah Hamilton, 2017-05-15 This book provides an introduction to current work and new directions in the study of medieval liturgy It focuses primarily on so called occasional rituals such as burial church consecration exorcism and excommunication rather than on the Mass and Office Recent research on such rites challenges many established ideas especially about the extent to which they differed from place to place and over time and how the surviving evidence should be interpreted These essays are designed to offer guidance about current thinking especially for those who are new to the subject want to know more about it or wish to conduct research on liturgical topics Bringing together scholars working in different disciplines history literature architectural history musicology and theology time periods from the ninth to the fifteenth centuries and intellectual traditions this collection demonstrates the great potential that liturgical evidence offers for understanding many aspects of the Middle Ages It includes essays that discuss the practicalities of researching liturgical rituals show through case studies the problems caused by over reliance on modern editions explore the range of sources for particular ceremonies and the sort of questions which can be asked of them and go beyond the rites themselves to investigate how liturgy was practised and understood in the medieval period *Music in Medieval Rituals for the End of Life* Elaine Stratton Hild, 2024 Medieval documents reveal that for centuries of European history singing for a person at the moment of death was considered to be the ideal accompaniment to a life s ending Through investigations of four manuscripts as case studies author Elaine Stratton Hild examines and recovers the music sung for the dying during the Middle Ages and considers the functions of the music a lost art of comforting the dying and the grieving

Religion in Japanese Daily Life David C. Lewis, 2017-09-22 Are Japanese people religious and if so in what ways David Lewis addresses this question from the perspective of ordinary Japanese people in the context of their life cycles and explores why they engage in religious activities He not only discusses how Japanese people engage in different religious practices as they encounter new events in their lives but also analyses the attitudes and motivations behind their behaviour Activities such as fortune telling religious rites in the workplace ancestral rites and visits to shrines and temples are actually engaged in by many people who view themselves as non religious but express their motivations in terms other than the conventional religious ones This book outlines the religious options available and assesses why people choose particular religious activities

at various times in their lives or in specific circumstances The author challenges some widespread assumptions about religion in urban and industrial contexts and also shows how some of the underlying motivations behind Japanese behaviour are expressed both in religious and non religious forms *The Book of Amos* M. Daniel Carroll R.,2020-11-19 In this commentary on the book of Amos Daniel Carroll combines a detailed reading of the Hebrew text with attention to its historical background and current relevance What makes this volume unique is its special attention to Amos s literary features and what they reveal about the book s theology and composition Instead of reconstructing a hypothetical redactional history this commentary offers a close reading of the canonical form against the backdrop of the eighth century BCE **The Arts of Eastern Philosophy** Bishnu Pathak, Ph.D.,Susmita Bastola, Ph.D.,2023-05-01 Eastern philosophy EP has often been neglected in mainstream academic discourse Philosophy is the way of looking at understanding interpreting and fundamentally bringing together love and wisdom lovism This study contributes to a wider understanding of international relations and philosophies in a world where the balance of power is shifting and emerging as superpower countries India and China are increasingly growing in importance The objectives of this state of the art book are four fold 1 to understand the fundamentals of the ancient EP 2 to interpret basic concepts thoughts and teachings of classical international relation related theories or peace spiritual insights of various wisdom within Chinese Indian Islamic and Christian Missionaries 3 to assist the Master s level students to participate actively in discussions and interpretations and to create insights and critical thinking methods accordingly and 4 to share the outcomes of philosophy with like minded actors institutions globally **Bonding with the Lord** ,2021-12-30 Few other Hindu gods guide a regional consciousness pervade walks of everyday life and define a collective psyche the way Lord Jagannath does in Odisha and its contiguous areas Jagannath is metonymic of Odisha and the Odia way of life arguably much more than any other god for a particular geography or its peoples While not derecognising the historical and the spiritual aspects of Jagannath Bonding with the Lord attempts to look at the deployment of Jagannath in contemporary cultural practices involving the sensorium in the widest sense The project of a cultural Jagannath not only materialises him in people s everyday practices but also democratises scholarship on him The expansion of the scope of research on Jagannath to cultural expressions in a more encompassing way rather than confining to elitist religious literary sources makes him an everyday presence and significantly enhances his sphere of influence Jagannath s tribal origin his association with Buddhism and Jainism and his avatari status make him an all encompassing multilayered symbol and a treasure trove for multiple interpretations **Archaeology, History, Philosophy and Heritage** Christine Williamson,Penny Crook,2025-04-15 This festschrift volume celebrates Tim Murray s significant and wide ranging contribution to archaeological thought and practice It includes 27 papers by Tim Murray s colleagues research collaborators and students former and current Together these comprise a substantive and reflective contribution to Archaeology History Philosophy and Cultural Heritage in Australia Oceania China India the United Kingdom Northern Europe and North America

The collected papers in this volume tie together Murray's research into the history or historiography of archaeological thought and his commitment to understanding the material culture of the past to write history. They provide a cross section of philosophical enquiries and substantive research from epistemological studies of shared lexicons and important debates in the history of archaeological thought to the minutiae of material culture studies. Several papers explicitly and implicitly explore one of Murray's great interests: the role of heritage preservation in our exploration of the past, including dedicated tertiary training programs for Indigenous Australians to manage research and protect their own Country. The book is divided into four parts: History, Archaeology, Philosophy, and Heritage, offering an interdisciplinary approach to the study of the past. This volume would be of interest to archaeologists, historians, philosophers of archaeology, and heritage scholars.

Art of the Yellow Springs Wu Hung, 2015-02-15 We might think the Egyptians were the masters of building tombs, but no other civilization has devoted more time and resources to underground burial structures than the Chinese. For at least five thousand years, from the fourth millennium B.C.E. to the early twentieth century, the Chinese have been building some of the world's most elaborate tombs and furnishing them with exquisite objects. It is these objects and the concept of the tomb as a treasure trove that *The Art of the Yellow Springs* seeks to critique, drawing on recent scholarship to examine memorial sites the way they were meant to be experienced, not as a mere store of individual works but as a work of art itself. Wu Hung bolsters some of the new trends in Chinese art history that have been challenging the conventional ways of studying funerary art. Examining the interpretative methods themselves that guide the study of memorials, he argues that in order to understand Chinese tombs, one must not necessarily forget the individual works present in them, as the beautiful color plates here will prove. But consider them along with a host of other art historical concepts. These include notions of visibility, viewership, space, analysis, function, and context. The result is a ground-breaking new assessment that demonstrates the amazing richness of one of the longest running traditions in the whole of art history.

Making Media Theory Marcel O'Gorman, 2020-10-29 *Making Media Theory* is about the study, practice, and hands-on design of media theory. It looks at experimental research methods and engages in media analysis, inviting readers to respond to and shape the materiality of media while carefully considering the implications of living in a technoculture. The author walks readers through the creation of digital objects to think with, where critical design practices serve as tools for exploring social and philosophical issues related to technological being and becoming.

So Great a Salvation Jon C. Laansma, George H. Guthrie, Cynthia Long Westfall, 2019-06-27 This volume presents a dialogue between historians, exegetes, and theologians on the background and key themes of the atonement in Hebrews. Presenting a range of differing perspectives and contributing to the renewed conversation between biblical and theological scholarship, the argument is structured in two parts: contexts and themes within Hebrews. Focusing on atonement not only in the Old Testament but also in the Greco-Roman world and touching on themes such as sacrifice, plight, and solution, and faith, these contributions shed light on the concept of the atonement in a directly scriptural way. The whole is a

definitive collection of studies on the atonement in Hebrews that will be of service well beyond the confines of Hebrews specialists a collection as important for what it says about the atonement and the 21st century church as for what it says about Hebrews

Sacred Signs in Reformation Scotland Stephen Mark Holmes, 2015 Sacred Signs in Reformation Scotland is the first study of how public worship was interpreted in Renaissance Scotland and offers a radically new way of understanding the Scottish Reformation It first defines the history and method of liturgical interpretation using the methods of medieval Biblical exegesis to explain worship then shows why it was central to medieval and early modern Western European religious culture The rest of the book uses Scotland as a case study for a multidisciplinary investigation of the place of liturgical interpretation in this culture Stephen Mark Holmes uses the methods of book history to discover the place of liturgical interpretation in education sermons and pastoral practice and also investigates its impact on material culture especially church buildings and furnishings A study of books and their owners reveals networks of clergy in Scotland committed to the liturgy and Catholic reform especially the Aberdeen liturgists Holmes corrects current scholarship by showing that their influence lasted beyond 1560 and suggests that they created the distinctive religious culture of North East Scotland later a centre of Catholic recusancy Episcopalianism and Jacobitism The final two chapters investigate what happened to liturgical interpretation in Scottish religious culture after the Protestant Reformation of 1559 60 showing that while it declined in importance in Catholic circles a Reformed Protestant version of liturgical interpretation was created and flourished which used exactly the same method to produce both an interpretation of the Reformed sacramental rites and an anti commentary on Catholic liturgy The book demonstrates an important continuity across the Reformation divide arguing that the Scottish Reformation is best seen as both Catholic and Protestant with the reformers on both sides having more in common than they or subsequent historians have allowed

Taking Rites Seriously Francis J. Beckwith, 2015-11-12 Taking Rites Seriously is about how religious beliefs and religious believers are assessed by judges and legal scholars and are sometimes mischaracterized and misunderstood by those who are critical of the influence of religion in politics or in the formation of law Covering three general topics reason and motive dignity and personhood nature and sex philosopher and legal theorist Francis J Beckwith carefully addresses several contentious legal and cultural questions over which religious and non religious citizens often disagree the rationality of religious belief religiously motivated legislation human dignity in bioethics abortion and embryonic stem cell research reproductive rights and religious liberty evolutionary theory and the nature of marriage In the process he responds to some well known critics of public faith including Brian Leiter Steven Pinker Suzanna Sherry Ronald Dworkin John Rawls and Richard Dawkins as well as to some religiously conservative critics of secularism such as the advocates for intelligent design
