Evans, Carlo Fanelli, 2018-07-23

Following the 2008 global financial crisis Canada appeared to escape the austerity implemented elsewhere but this was spin hiding the reality A closer look reveals that the provinces responsible for delivering essential public and social services such as education and healthcare shouldered the burden The Public Sector in an Age of Austerity examines public sector austerity in the provinces and territories specifically addressing how austerity was implemented what forms austerity agendas took from regressive taxes and new user fees to public sector layoffs and privatization schemes and what if any political responses resulted Contributors focus on the period from 2007 to 2015 the global financial crisis and the period of fiscal consolidation that followed while also providing a longer historical context austerity is not a new phenomenon A granular examination of each jurisdiction identifies how changing fiscal conditions have affected the delivery of public services and restructured public finances highlighting the consequences such changes have had for public sector workers and users of public services The first book of its kind in Canada The Public Sector in an Age of Austerity challenges conventional wisdom by showing that Canada did not escape post crisis austerity and that its recovery has been vastly overstated Handbook of Research on Advocacy, Promotion, and Public Programming for Memory Institutions Ngulube, Patrick, 2019-01-11 Memory institutions such as archives libraries and museums collect arrange describe and preserve their collections and holdings in order to make them accessible to the community However these institutions remain underutilized and are struggling to raise awareness of their existence and attract users and funders The Handbook of Research on Advocacy Promotion and Public Programming for Memory Institutions is a collection of innovative research on emerging strategies such as advocacy outreach marketing and public programming to promote memory institutions and engage the community While highlighting topics including customer service solutions social media and collection development strategies this book is ideally designed for heritage management and information professionals curators museum management archival specialists librarians policymakers researchers and academicians **The Honourable John Norquay** Gerald Friesen, 2024-04-12 The life and times of the Premier from Red

River John Norquay orphan and prodigy was a leader among the Scots Cree peoples of western Canada Born in the Red River Settlement he farmed hunted traded and taught school before becoming a legislator cabinet minister and from 1878 to 1887 premier of Manitoba Once described as Louis Riel's alter ego he skirmished with prime minister John A Macdonald clashed with railway baron George Stephen and endured racist taunts while championing the interests of the Prairie West in battles with investment bankers Ottawa politicians and the CPR His contributions to the development of Canada's federal system and his dealings with issues of race and racism deserve attention today Recounted here by Canadian historian Gerald Friesen Norquay's life story ignites contemporary conversations around the nature of empire and Canada's own imperial past Drawing extensively on recently opened letters and financial papers that offer new insights into his business family and political life Friesen reveals Norquay to be a thoughtful statesman and generous patriarch This masterful biography of the Premier from Red River sheds welcome light on a neglected historical figure and a tumultuous time for Canada and Manitoba
