

## Anago and the Franchise Owner Concept

Franchising of individually owned office cleaning businesses is a proven concept and it is widely used in the United States.

The concept works because of the simple principle that the owner of the business is the supervisor of, and major participant in, the actual cleaning and maintenance of the building. Therefore, since the person overseeing the actual work has a substantial investment in the business, he or she cannot afford to have an unhappy customer.

Your business benefits from unique features that set Anago Franchisees apart from other janitorial services including their use of our SmartClean™ program, communications log, solid client support, advanced recommended cleaning methods and equipment, and commitment to cleaning green. You can focus on your business, while our Franchise Owners keep your working environment safe and clean at a price you can afford.

People are simply more comfortable and productive in an environment that feels clean. With Anago's proven program, you receive a customized schedule of cleaning based on your priorities and budget. This rotational, systematic service ensures the highest level of cleanliness for the health of your employees and clients and also provides an unbeatable first impression!
