(Papers that use Chicago Style typically are more formal papers designed for publication. However, Turabian Style is flexible enough to work with almost any type of paper, including a thesis or dissertation.)

The title (or cover) page is an important page of the essay because it is the first impression that an instructor has of a student's work. Although Turabian Style requires a basic format for the title page, follow the professor's guidelines. However, all information on the title page needs to be accurate. Check for correct spelling and placement of the information that should be included on the title page. The font size and type is 14-pt Times New Roman, as or designated by the professor. Single space the lines on the title page. All words of the title of the
