Financial Management for Technology Start-Ups Alnoor Bhimani, 2017-08-03. All start-up businesses must be founded on product expertise, a grasp of digitization and being aware of market forces. Tech start-ups also need a unique understanding of accounting to succeed, knowledge which is required to power their more innovative business models and the ways of working that drive technology-based businesses. Unlike traditional accounting manuals or those aimed more generally at small business operators, *Financial Management for Technology Start-Ups* concentrates on what is important in financial terms for technology-based and innovation-focused entrepreneurial businesses. Featuring a simple yet effective Start-Up Financial Control Loop and Tech Start-Up Tracker, *Financial Management for Technology Start-Ups* offers a complete and must-have financial toolkit for launching and managing a tech start-up. The book covers all relevant facets of accounting and finance not covered by any other publication, by using straight-forward language, extensive practical illustrations and case studies to demonstrate the financial understanding that has become essential to technology and innovation-based start-ups.
