The Norton Introduction to Literature, Shorter 11th Ed Kelly J. Mays, 2013 **Charlotte Perkins Gilman's "The Yellow Wall-paper" and the History of Its Publication and Reception** Julie Bates Dock, 1998-02-27 Since its publication in 1892 Charlotte Perkins Gilman's *The Yellow Wall paper* has always been recognized as a powerful statement about the victimization of a woman whose neurasthenic condition is completely misdiagnosed mistreated and misunderstood leaving her to face insanity alone as a prisoner in her own bedroom Never before however has the story itself been portrayed as victimized In this first critical edition of Gilman's *The Yellow Wall paper* accompanied by contemporary reviews and previously unpublished letters Julie Bates Dock examines the various myth frames that have been used to legitimize Gilman's story The editor discusses how modern feminist critics readings and misreadings of the available documents uphold a set of legends that originated with Gilman herself and that promulgate an almost saintly view of the pioneering feminist author The documents made available in the collection enable scholars and students to evaluate firsthand Gilman's claims regarding the story's impact on its first audiences Dock presents an authoritative text of *The Yellow Wall paper* for the first time since its initial publication Included are a textual commentary full descriptions of all relevant texts lists of editorial emendations and pre copy text substantive variants a complete historical collation that documents all the variants found in important editions after 1892 and a listing of textual sources for more than one hundred reprintings of the story in anthologies and textbooks Other documents in the casebook that illuminate the story's publication and reception histories include Gilman's successive and varying accounts of the story's history her diary and manuscript log entries and letters pertaining to the story W D Howells's correspondence with Gilman and Horace Scudder editor of *The Atlantic Monthly* and his remarks on the story when he reprinted it in *Great American Short Stories* and more than two dozen reviews of the story by Gilman's contemporaries Taken together the criticism text documents and annotations constitute a rich and valuable contribution to Gilman scholarship calling into question the feminist literary criticism that has helped to shape interpretations of a literary masterpiece **The Norton Introduction to Literature (Portable Eleventh Edition)** Kelly J. Everyday Magic Laurie Ricou,2011-11-01 Child language is a subject in which everyone is an expert All parents study their children s language carefully if undeliberately and every family has its precious memories of the unique verbal improvisations of childhood For writers who continually struggle with and revel in the mysteries of language the language of children holds a special attraction Everyday Magic looks at the way Canadian writers have written through as distinct from for or about children at the ways they have used child language and children s models of perception to achieve various literary effects It describes how texts might be shaped by child usage and speculates that adult artists often find themselves surprised and informed by the child language they seek to create Ricou examines how the distinctive features of child language described by psycholinguists intersect with the written languages used by writers to suggest not only a child language but also the way a child sees and organizes an understanding of the world The book s subtitle putting the term child language into the plural points out that not one but many written interpretations of the child s perspectives are possible In order to emphasize this plurality and indicate that there are any number of child languages the author has organized his study as a series of closely related essays Each chapter considers the work of a Canadian author or authors with the book as a whole moving from the more conventional writers to those who step outside the bounds of convention Ricou proposes analogies with Wordsworth and Dylan Thomas Proust and Dickens but he finds his principal subject in the inherent interest of for example the Piagetian scheme that W O Mitchell seems to adopt in Who Has Seen the Wind the obsessions with similes in Ernest Buckler the

variations on the Bildungsroman in Margaret Laurence and Alice Munro and the persistent experiments with presymbolic language in Bill Bissett. For these and other writers such as Clark Blaise, Emily Carr, Dennis Lee, Dorothy Livesay, P. K. Page, James Reaney and Miriam Waddington, Ricou illuminates the particular literary languages appropriate to each author's subject. The result is a fascinating and unique approach to Canadian literature. *Hanging Out* Sheila Liming, 2023-01-24

Hide your phone, stop hustling for a second and read this passionate argument for the importance of unstructured pre-digital hang. People Loneliness is an epidemic; it feels harder than ever to connect with others meaningfully. What can we do to remedy this? Sheila Liming has the answer we need to hang out more. With the introduction of AI and constant Zoom meetings, our lives have become more fractured, digital and chaotic. *Hanging Out: The Radical Power of Killing Time* shows us what we have lost to the frenetic pace of digital life and how to get it back. Combining personal narrative with pungent analyses of books, movies and TV shows, Sheila Liming shows us how the new social landscape deadens our connections with others, connections that are vital to both self-care and to a vibrant community. Whether drinking with strangers in a distant city or jamming with musician friends in an abandoned Pittsburgh row house, Liming demonstrates that unstructured social time is the key to a freer, happier sense of self. *Hanging Out* shows how simple acts of casual connection are the glue that binds us together and how community is the antidote to the disconnection and isolation that dominates contemporary life. The book conceives of hanging out as a way to reclaim time as something other than a raw ingredient to be converted into productivity. *New York Times*, *Rich* with illuminating stories. *Slate*: We could all use more of that blissfully unstructured social time. posits Sheila Liming in the well-considered series of arguments found in *Hanging Out Reader's Digest*. Opens with a simple and expansive account of what hanging out is. Liming dedicates much of the book to stories from her past. She has lived an interesting life and she tells these stories well. *Washington Post*: Sharp and vivid writing, a layered exploration of social dynamics that contains some textured literary criticism. *Bookforum*: More books about hanging out, less about productivity, please. Sheila Liming sees the gap in our thinking about time and the true worth in spending it in an unstructured fashion with members of our community. *LitHub*: *Autobiography: A Very Short Introduction* Laura Marcus, 2018-05-31

Autobiography is one of the most popular of written forms. From Casanova to Benjamin Franklin to the Kardashians, individuals throughout history have recorded their own lives and experiences. These personal writings are central to the work of literary critics, philosophers, historians and psychologists who have found in autobiographies from across the centuries not only an understanding of the ways in which lives have been lived but the most fundamental accounts of what it means to be a self in the world. In this *Very Short Introduction*, Laura Marcus defines what we mean by autobiography and considers its relationship with similar literary forms such as memoirs, journals, letters, diaries and essays. Analysing the core themes in autobiographical writing such as confession, conversion and testimony, romanticism and the journeying self, Marcus discusses the autobiographical consciousness and the roles played by time, memory and identity and considers the relationship between

psychoanalysis and autobiography Exploring the themes of self portraiture and performance Marcus also discusses the ways in which fiction and autobiography have shaped each other ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Great Short Books Kenneth C. The Book Buyer, 1890 A review and record of current literature **New Critical Approaches to the Short Stories of Ernest Hemingway** Jackson J. Benson, 2013-07-12 With an Overview by Paul Smith and a Checklist to Hemingway Criticism 1975 1990 New Critical Approaches to the Short Stories of Ernest Hemingway is an all new sequel to Benson's

highly acclaimed 1975 book which provided the first comprehensive anthology of criticism of Ernest Hemingway's masterful short stories. Since that time the availability of Hemingway's papers coupled with new critical and theoretical approaches has enlivened and enlarged the field of American literary studies. This companion volume reflects current scholarship and draws together essays that were either published during the past decade or written for this collection. The contributors interpret a variety of individual stories from a number of different critical points of view from a Lacanian reading of Hemingway's *After the Storm* to a semiotic analysis of *A Very Short Story* to an historical biographical analysis of *Old Man at the Bridge*. In identifying the short story as one of Hemingway's principal thematic and technical tools, this volume reaffirms a focus on the short story as Hemingway's best work. An overview essay covers Hemingway criticism published since the last volume and the bibliographical checklist to Hemingway short fiction criticism which covers 1975 to mid 1989 has doubled in size.
