Notre Jeunesse Les Cahiers De La Quinzaine:

Lands of Likeness Kevin Hart,2024-05-31 An original and profound exploration of contemplation from philosopher theologian and poet Kevin Hart In *Lands of Likeness* Kevin Hart develops a new hermeneutics of contemplation through a meditation on Christian thought and secular philosophy Drawing on Kant Schopenhauer Coleridge and Husserl Hart first charts the emergence of contemplation in and beyond the Romantic era Next Hart shows this hermeneutic at work in poetry by Gerard Manley Hopkins Marianne Moore Wallace Stevens and others Delivered in its original form as the prestigious Gifford Lectures *Lands of Likeness* is a revelatory meditation on contemplation for the modern world **The Pen and the**

Cross Richard Griffiths,2010-02-09 This incisive and perceptive new book concerns Catholic Literature in Britain since 1850 To many people Roman Catholicism is culturally foreign and other And yet some of the most outstanding writers of recent times have been Catholics often converts such as Evelyn Waugh Graham Greene Muriel Spark and David Jones In every case these authors Catholicism was integral to their creative genius and they represent an important strand in any account of English literature Professor Griffiths account is set against a wide and varied canvas It gives a full account of the growth of Catholicism as a cultural social and political force in Great Britain since Newman Griffiths is concerned also to relate his story to movements on the continent and examines on his way the impact of French Catholic writers such as Huysmans Péguy and Mauriac on their British counterparts and the influence of British Catholic writers such as Newman Faber and Chesterton on Europe **Bernard-Lazare: Antisemitism and the problem of Jewish identity in late**

nineteenth-century France Nelly Wilson,2019-08-17 Bernard Lazare 1865 1903 was a French Jewish writer and a prime mover in the Dreyfus Affair After being involved in the Symbolist and anarchist movements he took up the cause of Dreyfus in his brochure *Une erreur judiciaire* which anticipated Zola's *J'accuse* by three years He was an early analyst of antisemitism and in later years an ardent Zionist whose outspoken views provoked much controversy The Dreyfus Affair lies at the center of this book as it was the turning point in Bernard Lazare's life The first part of the book traces Bernard Lazare's early career his devotion to Mallarmé and defense of the Symbolist aesthetic as a philosophy of freedom his adoption of anarchist principles which satisfied his love of freedom his sympathy for oppressed individuality and minority groups and his passion for social justice above all his analysis of antisemitism where at first he argued for social assimilation only to reject this idea later in favor of cultural pluralism The second part offers a history of the Dreyfus Affair and of how Bernard Lazare drew attention to the grave irregularities of the case and convinced others of the threat posed to Republican democracy Finally Nelly Wilson shows how Bernard Lazare came to espouse Jewish nationalism in a more radical and solitary way than did Herzl the founder of Zionism and how after his death his memory was kept alive by Péguy who saw in Bernard Lazare the embodiment of the prophetic spirit A finely crafted study Dr Wilson has more than mastered her subject Readers will benefit from her work Michael R Marrus University of Toronto *The Dreyfus Affair's Literary Politics* Roderick Cooke,2023-02-15

The Dreyfus Affair's Literary Politics offers a new interpretation of writers' political engagements in the crisis that ended the French nineteenth century following the wrongful treason conviction of Captain Alfred Dreyfus. Zola and three writers connected to him, Ferdinand Brunetiere, Henry Cerdant, and Saint-Georges de Bouhlier, drew on their affinities and antagonisms concerning Zola's naturalist fiction to shape their political discourse in the Dreyfus Affair. Zola and Bouhlier were Dreyfusards, Brunetiere and Cerdant anti-Dreyfusards, yet in each case they transformed a vision of what literature should be into arguments about French national identity, the proper relationship between literary and political thought, and the tensions between individual rights and *raison d'état*. Developing a method entitled microhistories of ideas, Cooke shows that a longitudinal approach to each writer's career yields a set of central unit ideas that reappear in the new emotive context of the Affair. Through close readings of material such as pamphlets, newspaper columns, and aesthetic essays, the significance of often ephemeral writing to the larger questions of intellectual history and to the outcome of the Dreyfus Affair itself becomes clear.

French Autobiographical Writing 1900-1950 Susan M. Dolamore, 1997 **Antonio Gramsci** Alistair

Davidson, 2016-11-28 Many large Italian cities have a main thoroughfare via Gramsci, showing that the Communist leader has become part of Italy's national patrimony, while internationally the interest in Gramsci's writings is second to none. As a consequence of this fame, Gramsci's heritage is claimed by rival groups: on the one hand by those who hope to establish his writings as sacred texts for their own policies, and on the other by those who stress any differences with Lenin in order to prove Gramsci a rebel. A great merit of this biography is that it lifts the study of Gramsci away from the sterile debate about whether he was or was not a Leninist. Another achievement of the author has been to integrate the circumstances of Gramsci's life: the childhood in Sardinia, the politics of the left in the 1920s, the years of exile and prison, with his developing political and philosophical ideas.

The Figural Jew Sarah Hammerschlag, 2010-05-15 The rootless Jew, wandering, disconnected from history, homeland, and nature, was often the target of early twentieth-century nationalist rhetoric aimed against modern culture. But following World War II, a number of prominent French philosophers recast this maligned figure in positive terms, and in so doing transformed postwar conceptions of politics and identity. Sarah Hammerschlag explores this figure of the Jew from its prewar usage to its resuscitation by Jean-Paul Sartre, Emmanuel Levinas, Maurice Blanchot, and Jacques Derrida. Sartre and Levinas idealized the Jew's rootlessness in order to rethink the foundations of political identity; Blanchot and Derrida, in turn, used the figure of the Jew to call into question the very nature of group identification. By chronicling this evolution in thinking, Hammerschlag ultimately reveals how the figural Jew can function as a critical mechanism that exposes the political dangers of mythic allegiance, whether couched in universalizing or particularizing terms. Both an intellectual history and a philosophical argument, *The Figural Jew* will set the agenda for all further consideration of Jewish identity, modern Jewish thought, and continental philosophy.
