subject to multiple recreations informed by changing concerns and insights Mythical narratives have thus attracted the interest of various disciplines from ethnology and history to philosophy literature sociology politics the history of religions and art history This interdisciplinary volume studies how myths are inscribed and recycled within both individual and collective heritage and examines the personal and political implications of multifaceted engagement with myths as one of the forms through which societies try to make sense of their perplexities

A New History of Iberian Feminisms Silvia Bermudez, Roberta Johnson, 2018-02-05 A New History of Iberian Feminisms is both a chronological history and an analytical discussion of feminist thought in the Iberian Peninsula including Portugal and the territories of Spain the Basque Provinces Catalonia and Galicia from the eighteenth century to the present day The Iberian Peninsula encompasses a dynamic and fraught history of feminism that had to contend with entrenched tradition and a dominant Catholic Church Editors Silvia Bermudez and Roberta Johnson and their contributors reveal the long and historical struggles of women living within various parts of the Iberian Peninsula to achieve full citizenship A New History of Iberian Feminisms comprises a great deal of new scholarship including nineteenth century essays written by women on the topic of equality By addressing these lost texts of feminist thought Bermudez Johnson and their contributors reveal that female equality considered a dormant topic in the early nineteenth century was very much part of the political conversation and helped to launch the new feminist wave in the second half of the century
