officers and the of the Food Industries Manual and to know that the appearance of many more consultants advisors and training specialists all claiming to assist manu book remains in sufficiently high demand for a new edition to be necessary The work of revision and facturers in the discharge of what are described as updating has been rewarding to us and we hope that new and onerous duties In reaction to all this food the result will be found at least equally helpful to manufacturers are learning so to order their opera those who use it tions that their reliability and their commitment to In the five years since the last edition the growth quality and good workmanship can be routinely of the chilled foods sector in both quantity and demonstrated The touchstone of this has become quality with much more refrigeration available accreditation of the manufacturer s systems by an and in use with close control of refrigeration tem independent authority for instance that they peratures storage times storage temperatures conform with the International Standard for tra Sport conditions and display conditions and Quality Systems ISO 9000 or its British Standard with better information on labels and elsewhere equivalent BS 5750 These and related matters are about shelf life and the handling of products has dealt with in another new Chapter on Food Issues *Quality-assurance/quality-control Manual for Collection and Analysis of Water-quality Data in the Ohio District, U.S. Geological Survey ,1998* **Laboratory Techniques in Thrombosis — a Manual** J. Jespersen,R.M.

Bertina,F. Haverkate,2013-12-01 The first edition of this manual appeared in 1992 and was entitled ECAT Assay Procedures It was the result of a unique cooperation between experts brought together by the European Concerted Action on Thrombosis and Disabilities ECAT The Concerted Action was at that time under the auspices of the Commission of the European Union The second edition like the first edition deals with diagnostic tests within the field of thrombosis However the second edition has a broader scope because it is no longer limited by the frontiers of ECAT Experts allover the world in and outside ECAT have contributed to this edition The editors are very grateful for their contributions The need for a new edition is obvious Since 1992 new assays have been introduced for research diagnosis and therapy of thrombosis for other assays improvements have been suggested while a few others became redundant The editors waived the radioimmunoassays of thrombog1obulin and platelet factor 4 due to the fact that the kits required for these assays are rarely or no longer available Also the PAI 1 activity assay was waived as it is liable to many inconsistencies and to large variations A list of names and addresses of manufacturers marketing the kits and reagents has been compiled together with a list of the recommended nomenclature of quantities in thrombosis and haemostasis in order to facilitate the use of the updated version These lists have been carefully compiled by Johannes J Sidelmann PhD Department of Clinical Biochemistry in Esbjerg Denmark
