Ferrell Research Scientist, Supportive Care Program Nessa Coyle Director, Pain & Palliative Service Department of Neurology Memorial Sloan-Kettering Cancer Center, 2005-11-10 Originally published in 2001 the *Textbook of Palliative Nursing* has become the standard text for the field of hospice and palliative care nursing In this new edition the authors and editors have updated each chapter to ensure that the content is evidence based and current references are included They also have retained the important focus on case studies throughout the text and practical clinically relevant tables figures and other resources Like the previous edition this

text has an introductory section of the general principles of palliative care followed by a comprehensive section on symptom assessment and management encompassing twenty one different symptoms Other key sections include psychosocial support and spiritual care providing holistic perspective on care of patients facing advanced disease The text also includes an innovative section on special populations addressing those most in need of palliative care The textbook is a useful resource for all nurses with the excellent section on end of life care across settings In this new edition the pediatric palliative care section has been greatly expanded and includes seven separate chapters on pediatric care It includes a section on special issues addressing topics such as ethical considerations nursing research and public policy perspectives and concludes with a section presenting models of excellence including six international models This edition also offers a narrative on dying based on a spouse's perspective The text includes an appendix with an extensive list of resources for nurses in the field

**Palliative Care Perspectives** James Hallenbeck, 2003 Dr Hallenbeck has written a guide for clinicians who want an introduction to palliative care that addresses big picture issues as well as provides specific practical advice Topics addressed range from an overview of death and dying in the modern world to discussions of pain and symptom management communication techniques and palliative care consults *The Oxford Textbook of Palliative Social Work* Terry Attilio, Shirley Otis-Green, John G.
