Mullaney,2024-05-28 The fascinating untold story of how the Chinese language overcame unparalleled challenges and revolutionized the world of computing A standard QWERTY keyboard has a few dozen keys How can Chinese a language with tens of thousands of characters and no alphabet be input on such a device In The Chinese Computer Thomas S Mullaney sets out to resolve this paradox and in doing so discovers that the key to this seemingly impossible riddle has given rise to a new epoch in the history of writing a form of writing he calls hypography Based on fifteen years of research this pathbreaking history of the Chinese language charts the beginnings of electronic Chinese technology in the wake of World War II up through to its many iterations in the present day Mullaney takes the reader back through the history and evolution of Chinese language computing technology showing the development of electronic Chinese input methods software programs that enable Chinese characters to be produced using alphanumeric symbols and the profound impact they have had on the way Chinese is written Along the way Mullaney introduces a cast of brilliant and eccentric personalities drawn from the ranks of IBM MIT the CIA the Pentagon the Taiwanese military and the highest rungs of mainland Chinese establishment to name a few and the unexpected roles they played in developing Chinese language computing Finally he shows how China and the non Western world because of the hypographic technologies they had to invent in order to join the personal computing revolution saved the Western computer from its deep biases enabling it to achieve a meaningful presence in markets outside

of the Americas and Europe An eminently engaging and artfully told history The Chinese Computer is a must read for anyone interested in how culture informs computing and how computing in turn shapes culture *PC Mag* ,1992-12-08 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology PC Mag ,1992-09-15 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology PC Mag ,1992-12-08 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology PC Mag ,1993-11-09 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology **PC Magazine 1996 Computer Buyer's Guide** John Dvorak,1995 Brings reader up to date with most recent developments in computer hardware Includes detailed product comparison tables highlights the latest hardware gives basic advice to new computer shoppers and manufacturer references *PC Mag* ,1994-02-08 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology **PC Mag** ,1995-10-24 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology **PC Mag** ,1993-08 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology *PC World* ,1993 PC Mag ,1992-10-13 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology **PC Mag** ,1993-07 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology
